

UNIVERSITY HOSPITAL

Newark, New Jersey

UNIVERSITY HOSPITAL POLICY

SUBJECT:	COMPLIANCE AND PRIVACY	TITLE:	ACCOUNTING OF DISCLOSURES OF HEALTH INFORMATION		
CODING:	831-200-957	ADOPTED:	July 1, 2013	AMENDED/ REVIEWED:	

I. PURPOSE

To establish a policy and procedure to ensure University Hospital's (UH) compliance with the Health Insurance Portability and Accountability Act (HIPAA) in providing an individual the right to receive an accounting of disclosures of his/her Protected Health Information (PHI) made by UH and/or its covered entities.

II. ACCOUNTABILITY

Under the direction of the President/CEO, the Department Heads shall ensure compliance with this policy.

III. APPLICABILITY

This policy shall apply to health information that is generated during provisions of health care to patients in any of UH patient care departments.

IV. DEFINITION

Protected Health Information (PHI): Protected health information means individually identifiable health information that relates to the past, present or future physical or mental health or condition of an individual, the provision of health care to an individual or the past, present or future payment for the provision of health care to an individual and identifies or could reasonably be used to identify the individual.

1. Except as provided in paragraph two (2) of this definition that is: a) transmitted by electronic media; b) maintained in electronic media; or c) transmitted or maintained in any other form or medium
2. PHI excludes individually identifiable health information in: a) Education records covered by the Family Educational Rights and Privacy Act (FERPA), as amended, 20 U.S.C. 1232g; b) Records described at 20 U.S.C. 1232g(a)(4)(B)(iv); and c) Employment records held by a covered entity in its role as employer.

VI. POLICY

A. Requirements:

1. UH will provide an individual with an accounting of all disclosures of their PHI upon the individual's written request as required by state and federal law. A request for Accounting of Disclosures Form can be accessed at the UH website.
2. Departments will act on an individual's request for an accounting within sixty (60) days of receipt of the request. If a department is unable to provide the accounting within sixty (60) days, it may extend the time period to provide the accounting by no more than thirty (30) days; however, within the original sixty (60) days, departments must provide the individual with a written statement of the reasons for the delay and the date by which departments will provide the accounting. Departments are only permitted one extension per request.
3. The first accounting in a twelve-month period to an individual must be provided without charge. However, departments may impose a reasonable cost-based fee for each subsequent request for an accounting made by the same individual within the twelve-month period provided the department informs the individual of the fee prior to complying with the request, thus giving the individual the opportunity to withdraw or modify the request.
4. As part of the accounting of the disclosures, the department will coordinate the releases of PHI with business associates.
5. A department must temporarily suspend an individual's right to receive an accounting of disclosures made to a health oversight agency or law enforcement official, for the time specified by such agency or official, if such agency or official provides the department with a **written statement** that such an accounting to the individual would be reasonably likely to impede the agency's activities and it must include the time frame for which such a suspension is required.
6. A department must temporarily suspend an individual's right to receive an accounting of disclosures made to a health oversight agency or law enforcement official, for the time specified by such agency or official, if such agency or official provides the department with an **oral statement** that such an accounting to the individual would be reasonably likely to impede the agency's activities and it must include the time frame for which such a suspension is required. However, inasmuch as the statement was given orally, departments must:
 - a. document the statement, including the identity of the agency or official making the statement;
 - b. limit the temporary suspension to no longer than thirty (30) days from the date of the oral statement, unless a written statement is submitted during that time.

7. Requests made for accountings of disclosures of PHI must be made to the employee or department designated by the Chief Compliance and Privacy Officer.

B. Responsibilities:

1. Each department will implement a process to provide an accounting to individuals of all disclosures except:
 - a. disclosures to carry out treatment, payment and healthcare operations;
 - b. disclosures to the individual of PHI about themselves;
 - c. disclosures for the facility's directory or to persons involved in the individual's care or other notification purposes;
 - d. disclosures for national security or intelligence purposes;
 - e. disclosures to correctional institutions or law enforcement officials, as provided;
 - f. disclosures that occurred prior to April 14, 2003;
 - g. disclosures pursuant to an authorization;
 - h. disclosures incident to a use and disclosure otherwise permitted;
 - i. disclosures that are part of a limited data set in accordance with 45 CFR 164.514(e).
2. An accounting must cover a period of six (6) years, unless the request specifies a shorter period.
3. The accounting for each disclosure must include:
 - a. the date of the disclosure;
 - b. the name and address of the entity or person who received the PHI;
 - c. brief description of the PHI disclosed;
 - d. brief statement of the purpose of the disclosure that reasonably informs the individual of the basis for the disclosure or, in lieu of such statement, a copy of a written request for disclosure (i.e. subpoena, etc).
4. If a department has made multiple disclosures of PHI to the same person or entity for a single purpose, the accounting with respect to such multiple disclosures should provide:
 - a. the information required as described in section VI.A.3. for the first disclosure during the accounting period;
 - b. the frequency or number of the disclosures made during the accounting period;
 - c. the date of the last disclosure during the accounting period.
5. All departments must document and retain for six (6) years the following information:
 - a. The information required to be included in an accounting as discussed in section VI.B.3.
 - b. The written accounting itself that was given to the requesting individual.

- c. The titles of persons or offices responsible for receiving and processing requests for an accounting.
6. If, during the period covered by the accounting, a department has made disclosures of PHI for a particular research purpose in accordance with CFR 164.512(i) for fifty (50) or more individuals, the accounting may, with respect to such disclosures for which the PHI about the individual may have been included, provide:
- a. The name of the protocol or other research activity;
 - b. A description, in plain language, of the research protocol or other research activity, including the purpose of the research and the criteria for selecting particular records;
 - c. A brief description of the type of PHI that was disclosed;
 - d. The date or period of time during which such disclosures occurred, or may have occurred, including the date of the last such disclosure during the accounting period;
 - e. The name, address, and telephone number of the entity that sponsored the research and of the researcher to whom the information was disclosed; and
 - f. A statement that the PHI of the individual may or may not have been disclosed for a particular protocol or other research activity.
7. If the department provides an accounting for research disclosures in accordance with section VI.B.6. and it is reasonably likely that the PHI of the individual was disclosed for such research protocol or activity, the department must, at the request of the individual, assist in contacting the entity that sponsored the research and the researcher.
