

EXECUTIVE FELLOWSHIP IN ADDICTION MEDICINE

STARTS JULY 1, 2016!

For Attendings of All Specialties:

- Enhance your qualifications without taking time away from work and without losing income
- FREE for all Rutgers employees and affiliated faculty
- Structure and pace your work to become eligible to sit for the 2017 American Board of Addiction Medicine (ABAM) Certification Exam
- Become a Buprenorphine prescriber
- Receive 50 CME to fulfill ABAM eligibility criteria and state requirements
- Receive guidance through 1:1 mentoring

"This fellowship gave me a solid foundation in addiction so that I could better care for patients I was already seeing in my Internal Medicine practice. I passed the ABAM exam and I'm now working part-time in Addiction Medicine. It was a fantastic experience and truly changed my career trajectory. I highly recommend it."

- Anthony Oparaji, MBBS

Graduate, EXEC-FAM 2014

Left to right: Dr. Damali Campbell, Dr. Erin Zerbo,
Dr. Mirela Feurdean, Dr. Petros Levounis, Dr. Natalie Roche
