

Members of the University Hospital community shared their voices on the future of the hospital as part of the Campus Planning Process.

The new University Hospital should...

Foster a Sense of Safety & Trust

- Safe & **accessible parking**
- **Well-lit** spaces to assure a sense of security
- **Multi-lingual** signage, translation, & communication
- **Human-centric** arrival experience
- **Transparency & accountability** between the community and UH leadership
- Reliable and **accessible technology**

clear & safe arrival

multi-lingual signage

secure, temporary storage

Build Community & Opportunity

- **Health education** based community programming
- **Cultural engagement** through local art, diversity training for staff, and trauma-informed practices
- **Partnerships** with local schools and community groups for recruitment and training
- **Creation a more personal employee experience** through UH affinity groups, UH community spaces and employee recognition programs

vibrant pedestrian experience

place to learn something new

place for pause

Create Conditions for Health & Well-being

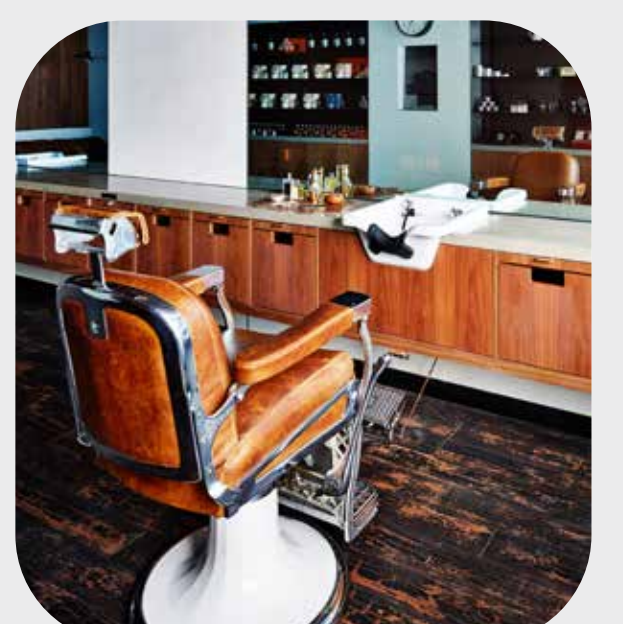

- **Variety of indoor and outdoor multi-use green spaces** for both physical and mental well-being
- **A focus on healthy food and nutrition** through educational programming & diverse food options
- **Family-focused spaces** for play, learning, and respite
- **Health-related ground-floor retail and services** with street access

fresh groceries

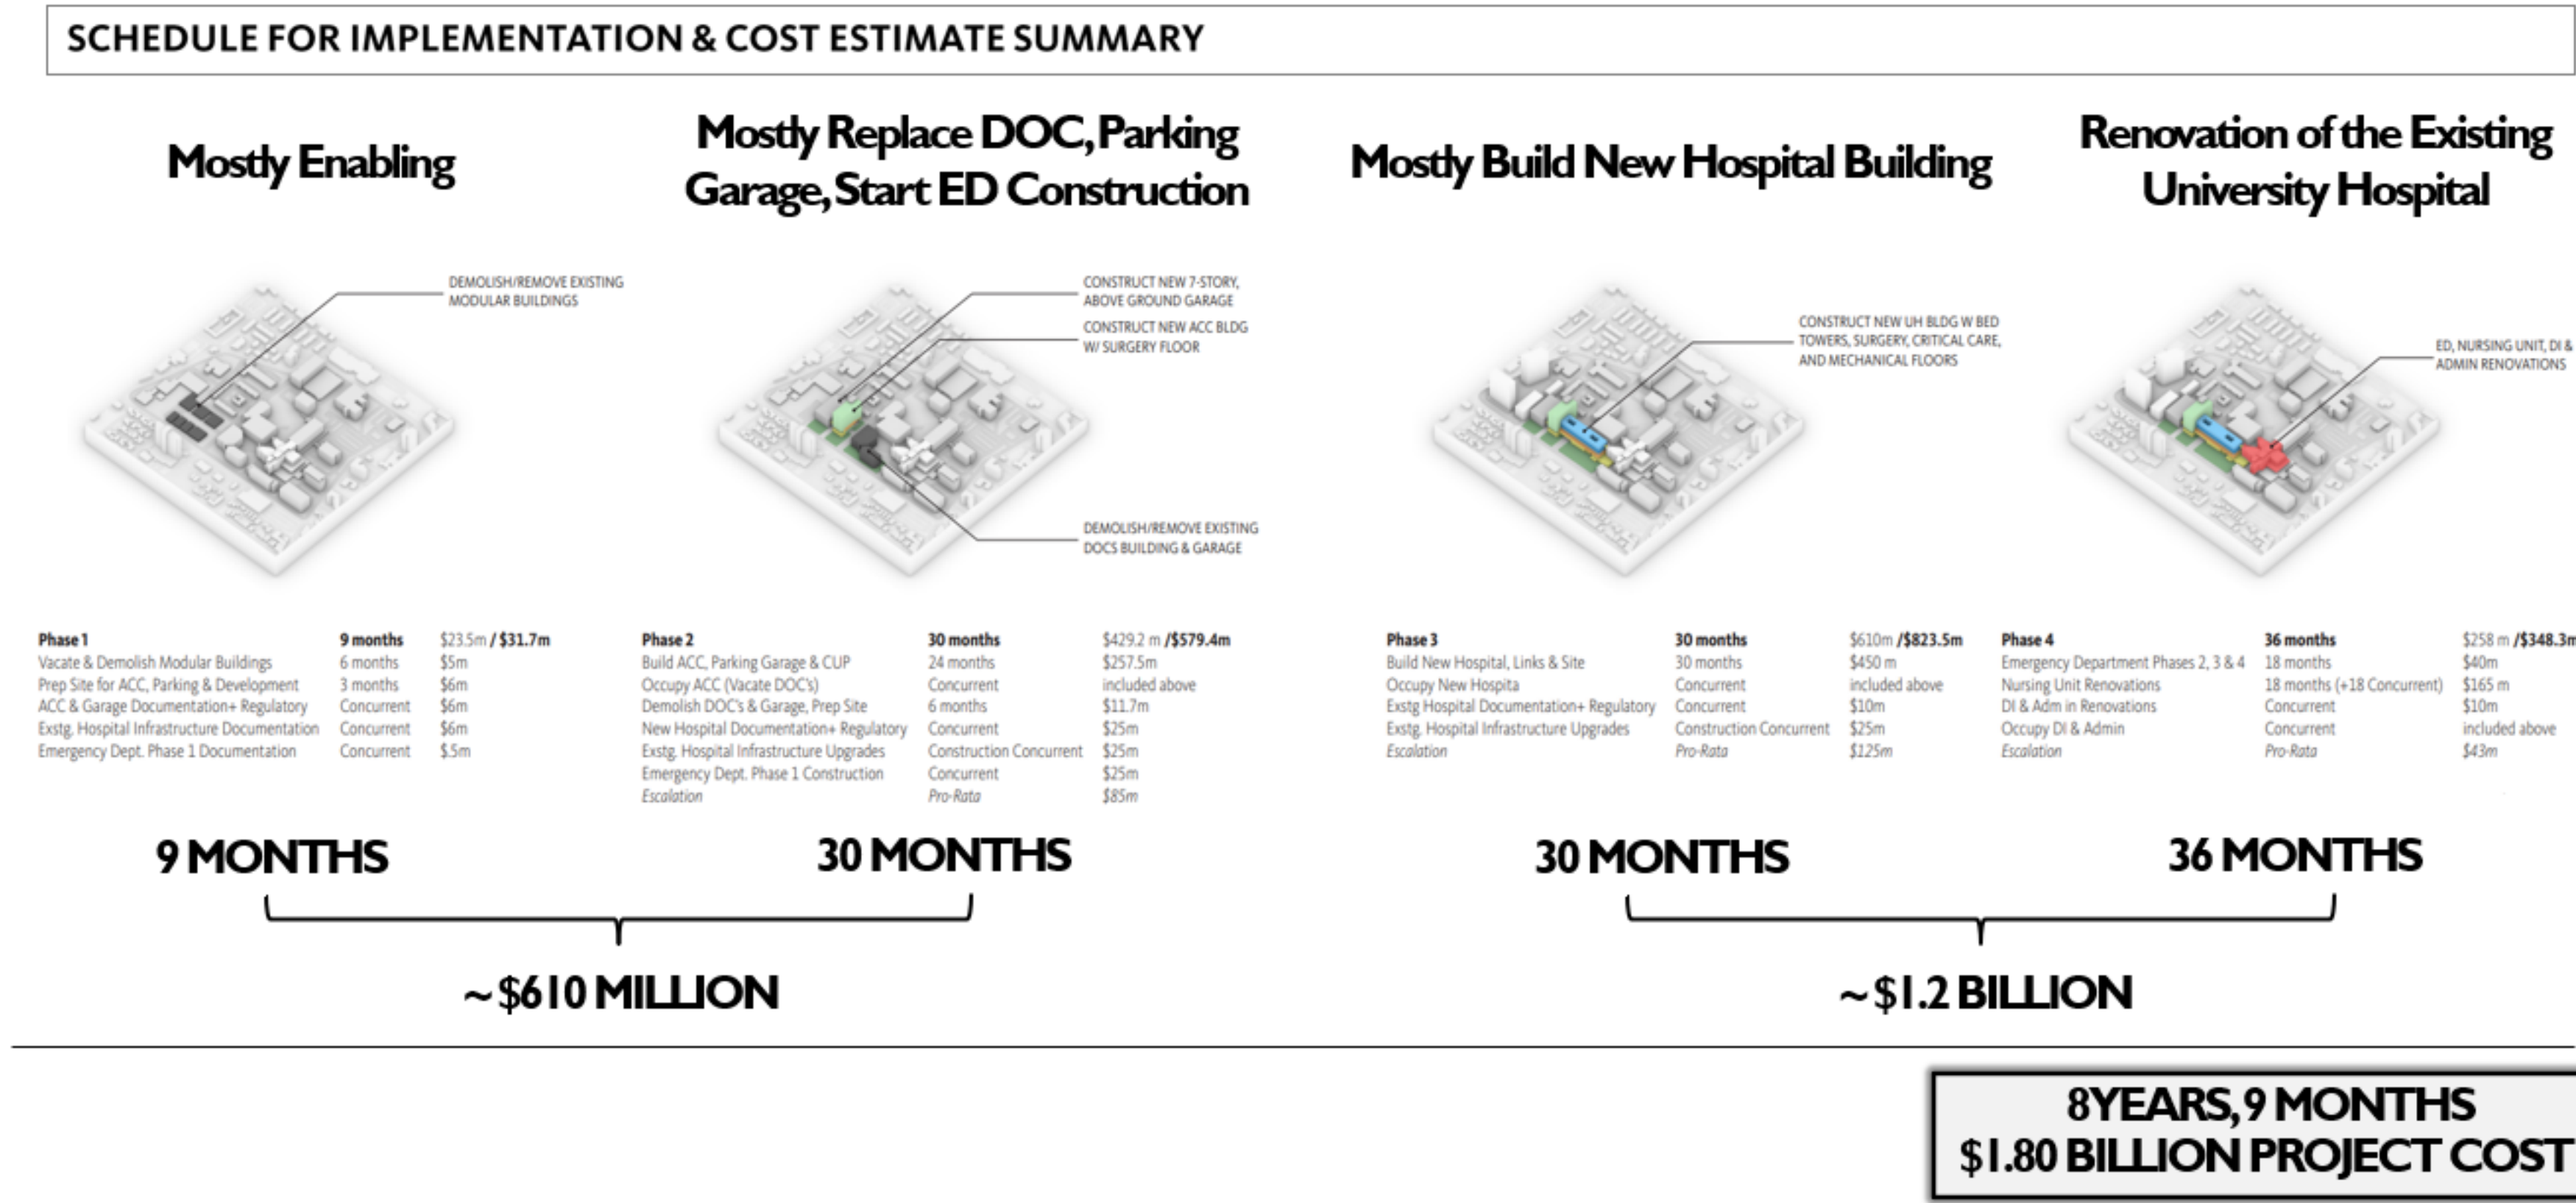

place to strengthen and stretch

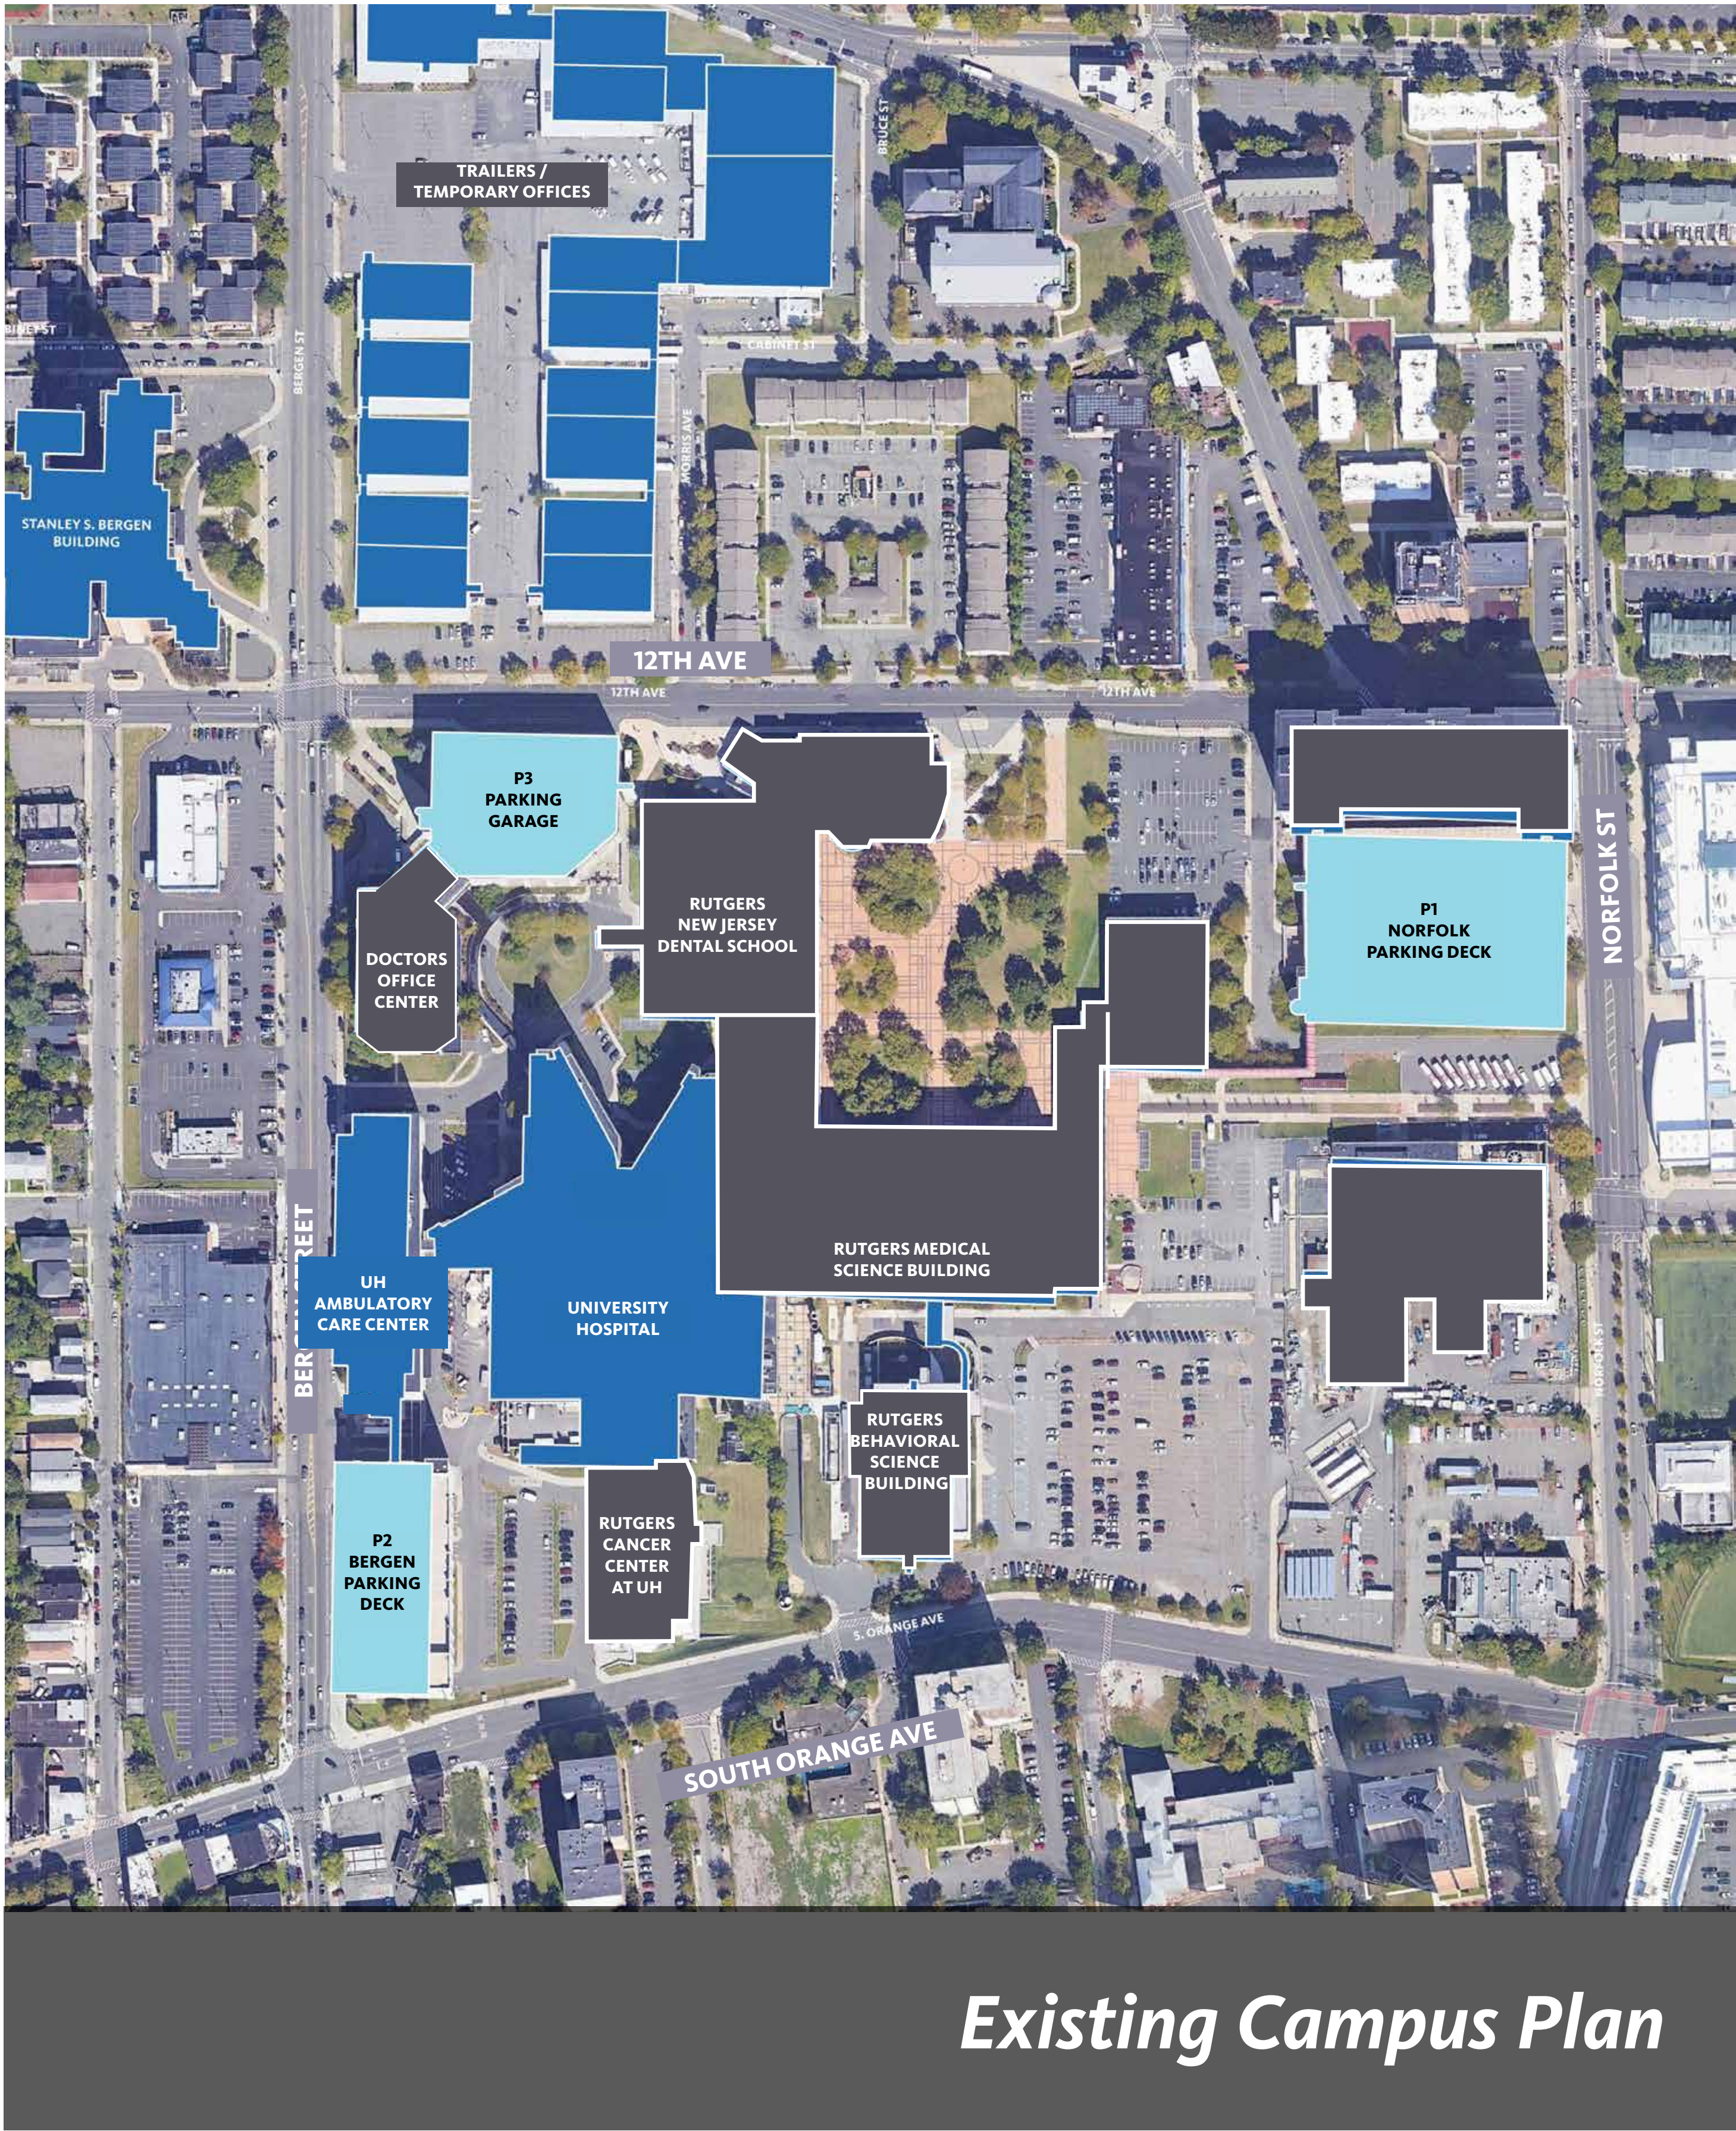

place for self-care

Campus Development Strategies | Draft Option

UNIVERSITY HOSPITAL | GENSLER

Draft:Advisory, Consultative and Deliberative

Existing Campus Plan

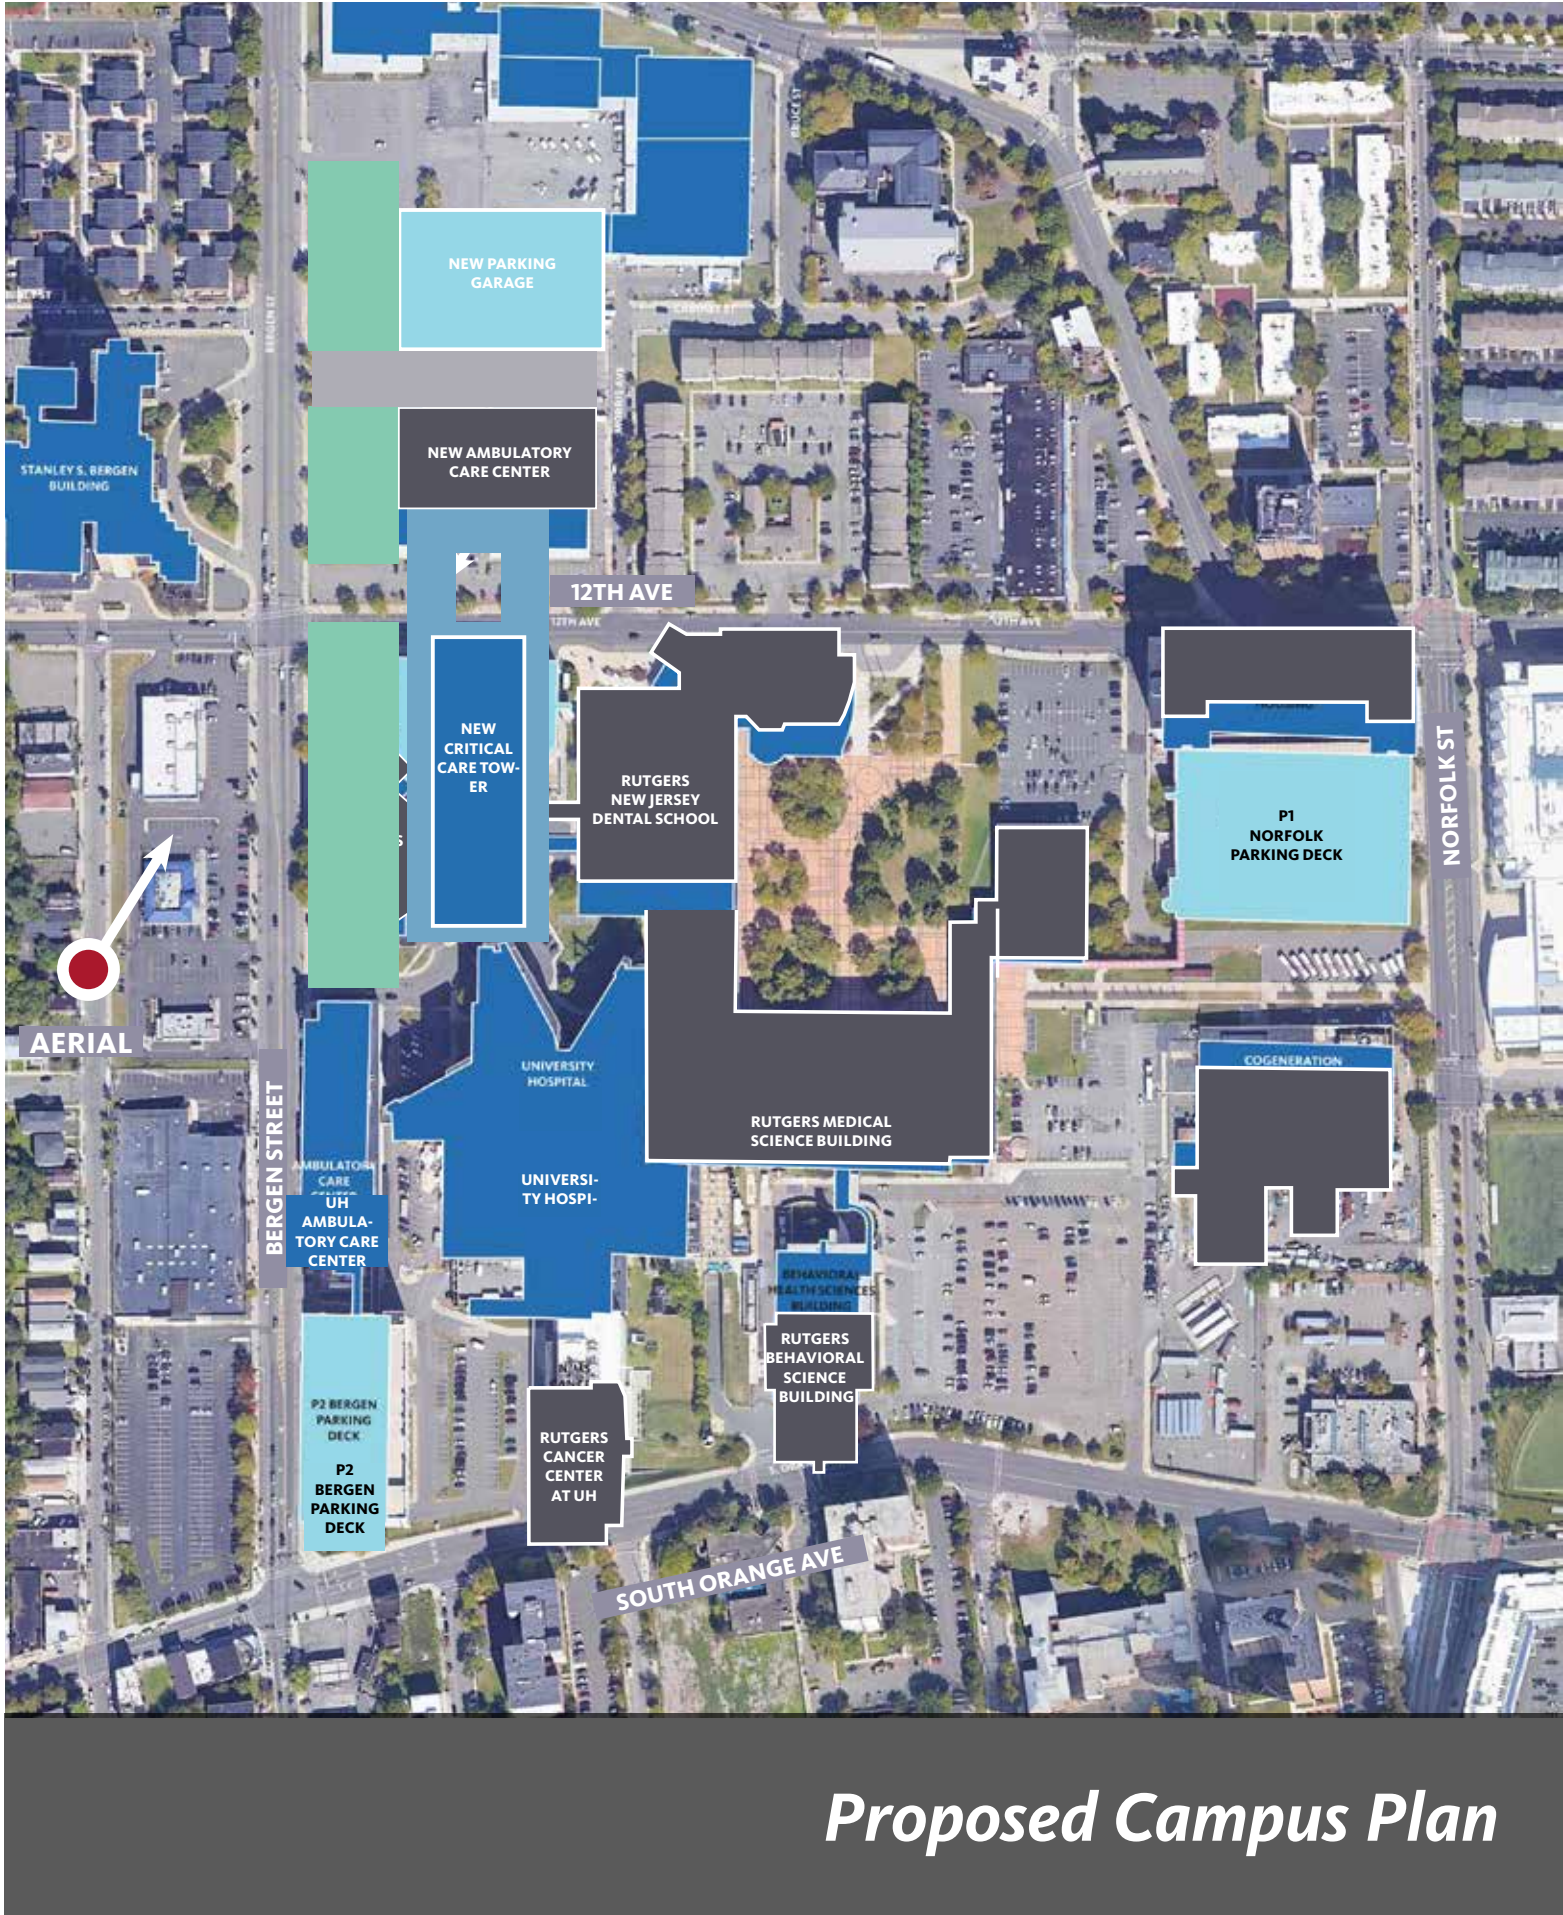

- Key Themes**
 - Foster a Sense of Safety & Trust
 - Build Community & Opportunity
 - Create Conditions of Health & Well-being

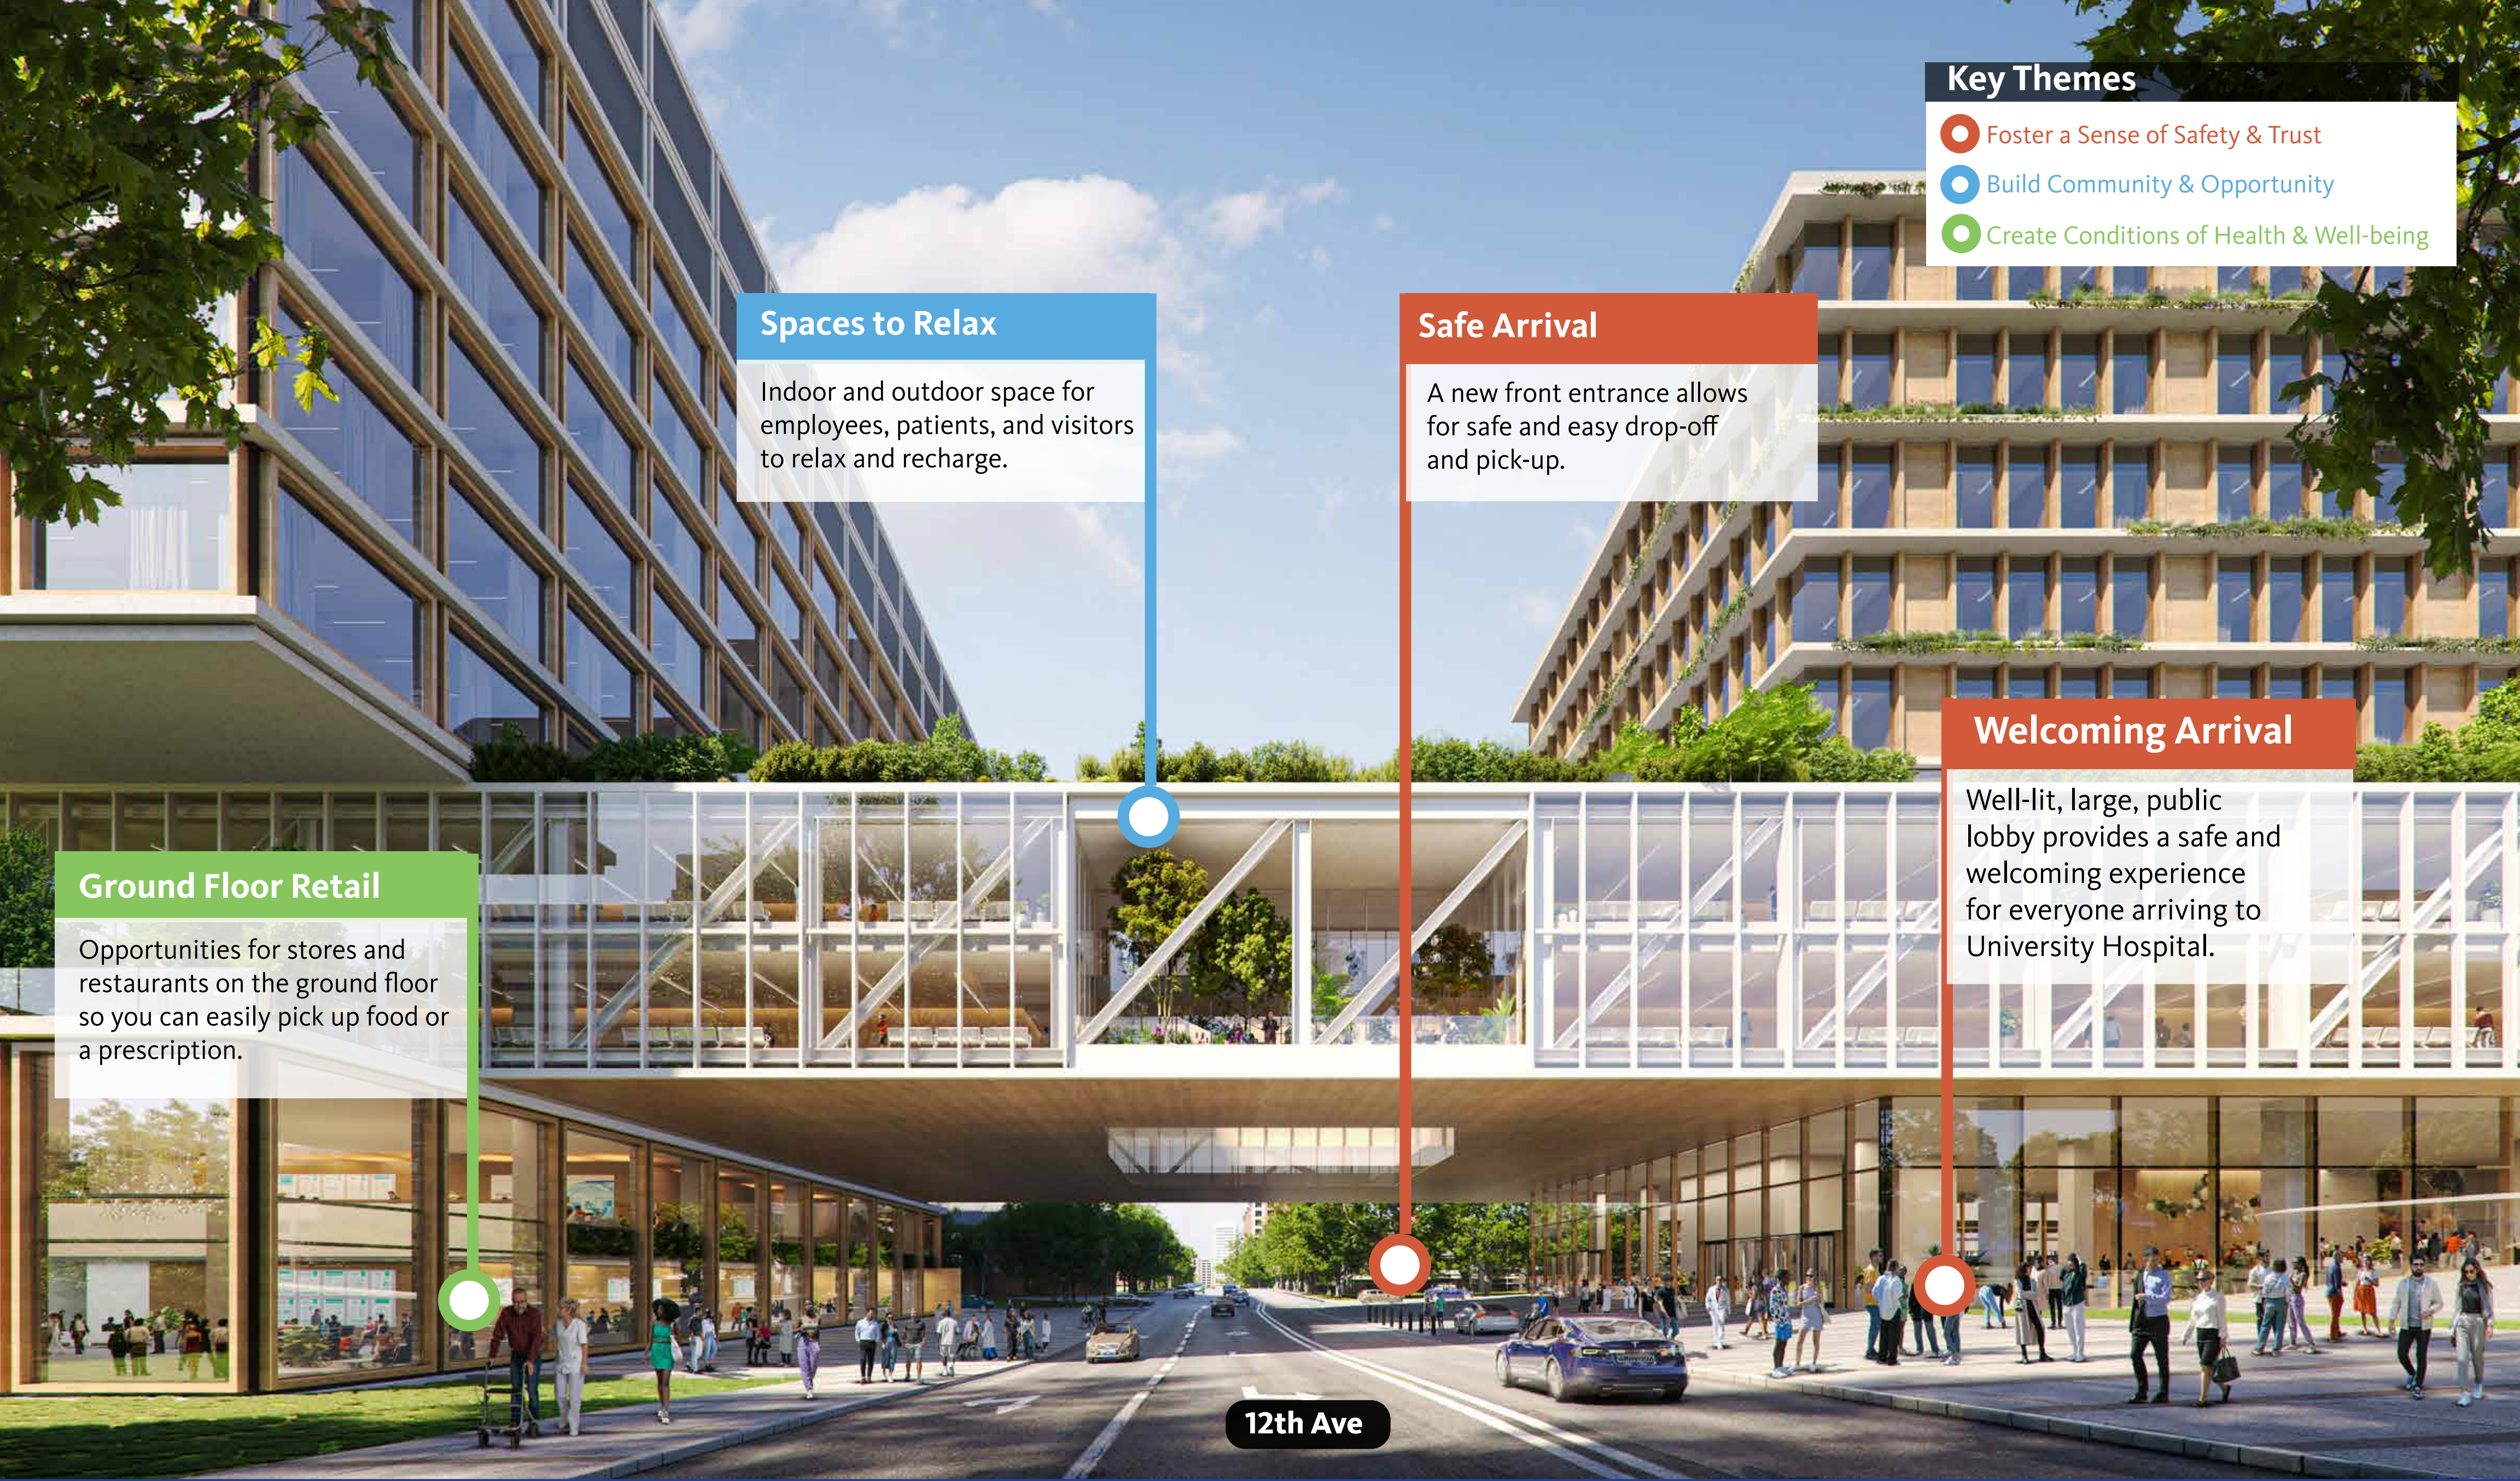

The UH transformation along Bergen Street will include a new Critical Care Tower, Ambulatory Care Center, and Parking Garage. The new campus is set back from Bergen Street to allow for a new public green space with a dedicated community pavilion, accessible to all.

Key Themes

- Foster a Sense of Safety & Trust
- Build Community & Opportunity
- Create Conditions of Health & Well-being

Spaces to Relax

Indoor and outdoor space for employees, patients, and visitors to relax and recharge.

Safe Arrival

A new front entrance allows for safe and easy drop-off and pick-up.

Welcoming Arrival

Well-lit, large, public lobby provides a safe and welcoming experience for everyone arriving to University Hospital.

Ground Floor Retail

Opportunities for stores and restaurants on the ground floor so you can easily pick up food or a prescription.

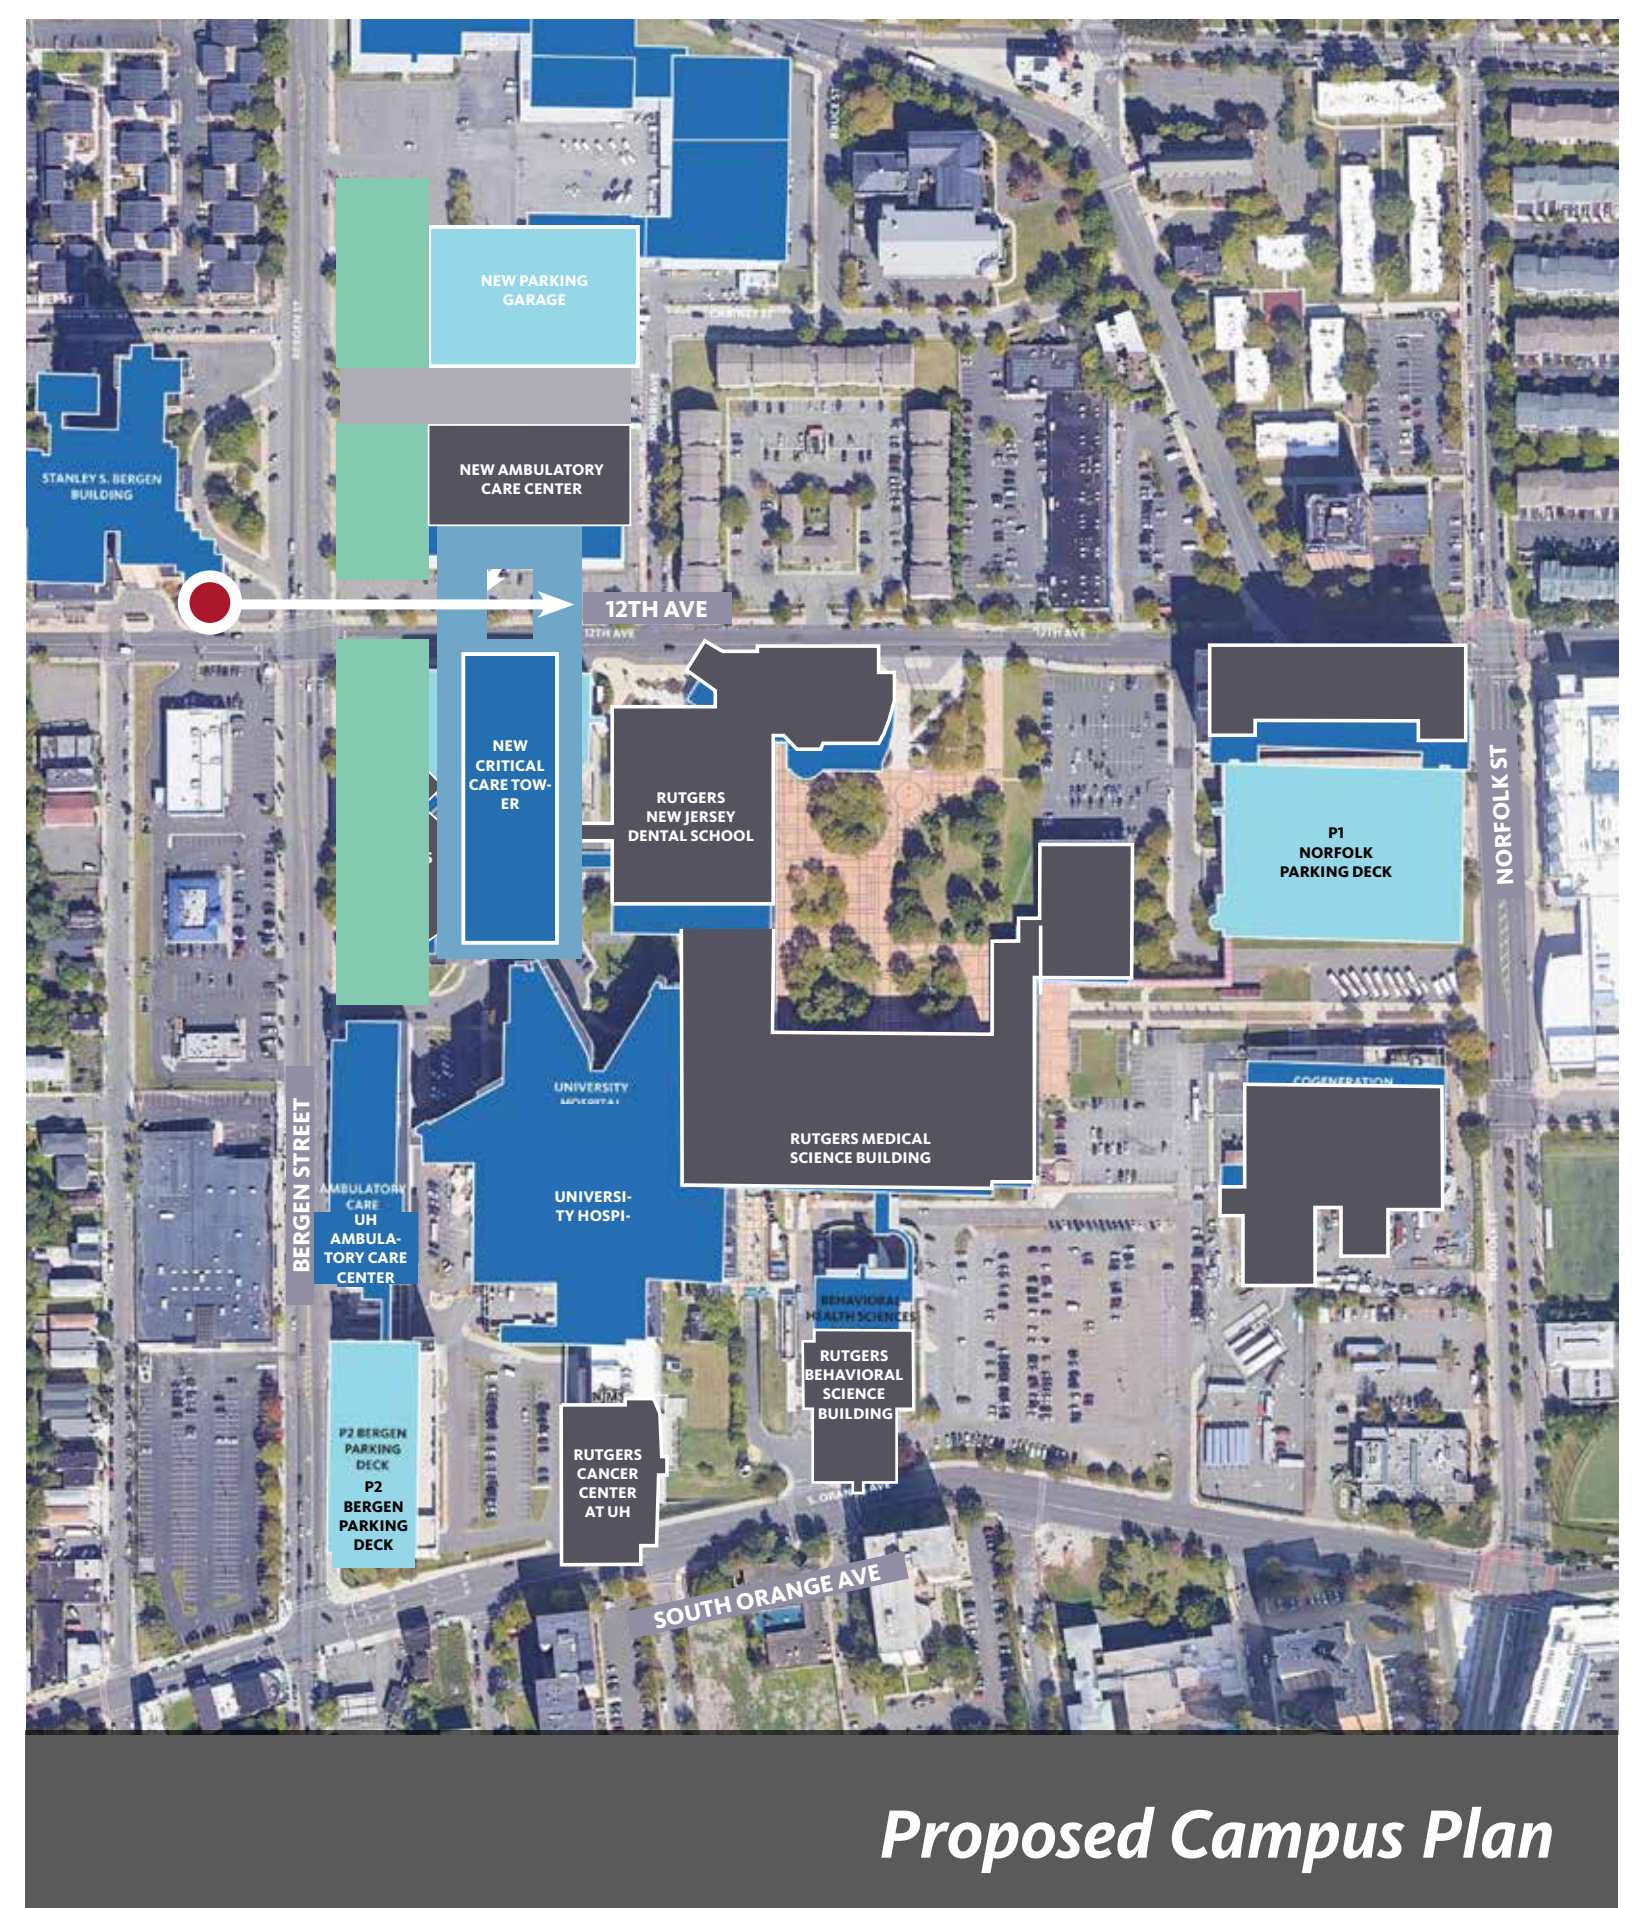

12th Ave

A new main entrance located along 12th Avenue provides a spacious, well-lit arrival experience that carefully separates pedestrians, private vehicles, and emergency vehicles. All of this happens under the protective cover of a state-of-the-art surgical center that bridges 12th Avenue, connecting the re-imagined hospital to a flagship Ambulatory Care Center.

I WISH...

Community Art

Space for art, both inside and outside, that reflects and honors the local community.

One Campus

A new bridge and lobby spaces allow you to walk from the new garage, through the Ambulatory and Acute Care Buildings, into the existing Hospital.

Key Themes

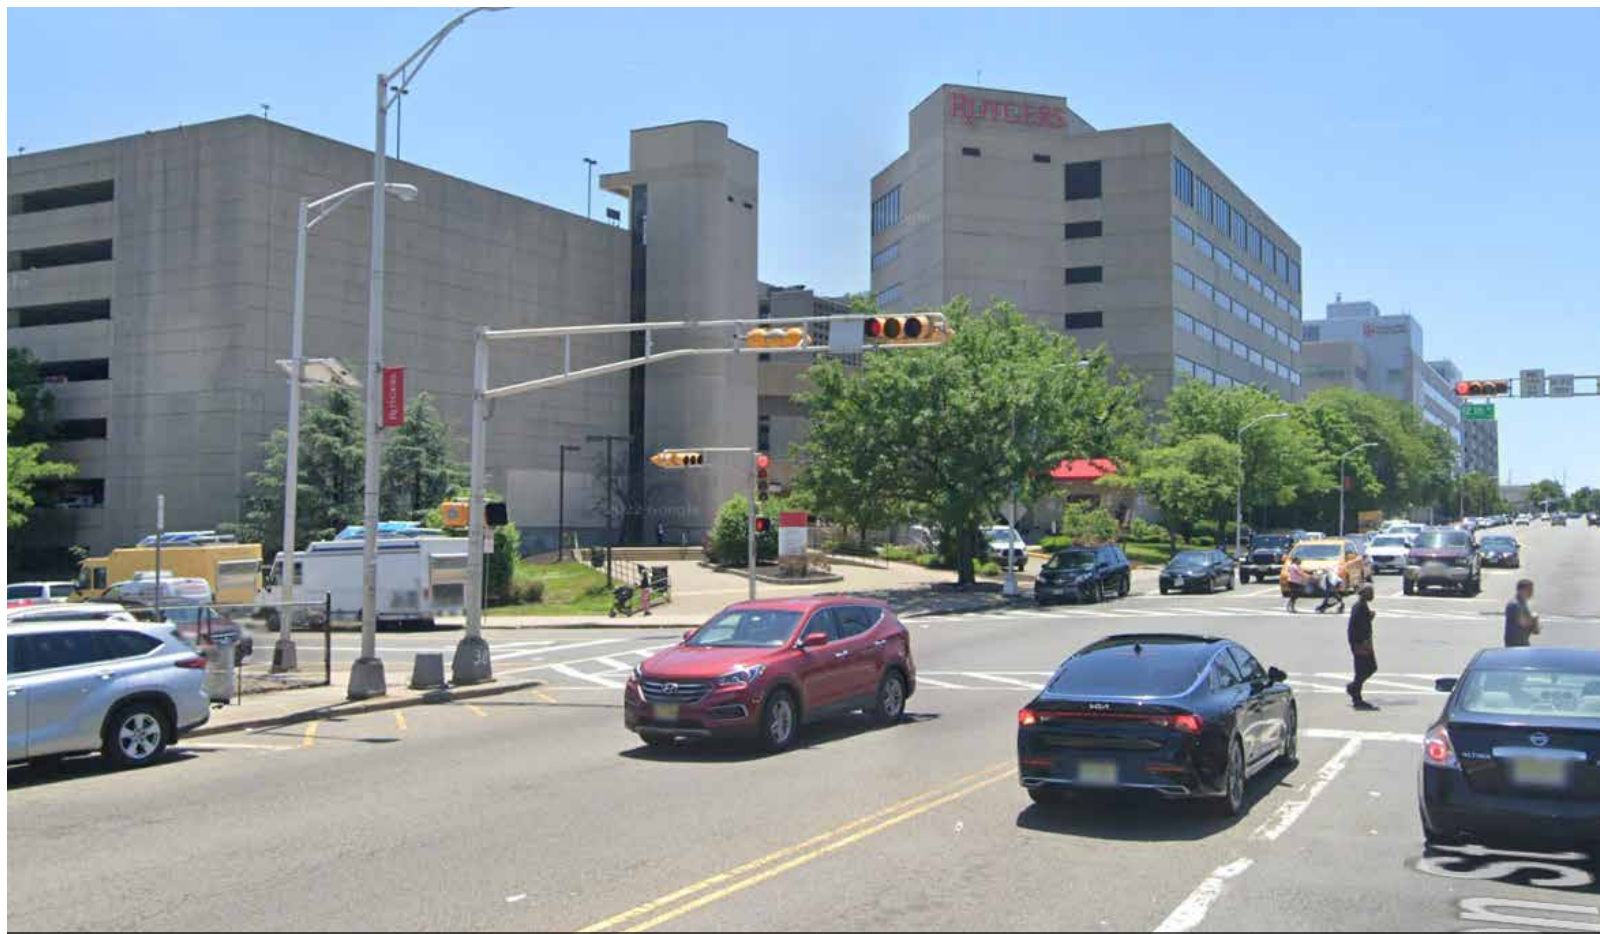

- Foster a Sense of Safety & Trust
- Build Community & Opportunity
- Create Conditions of Health & Well-being

Bergen Street

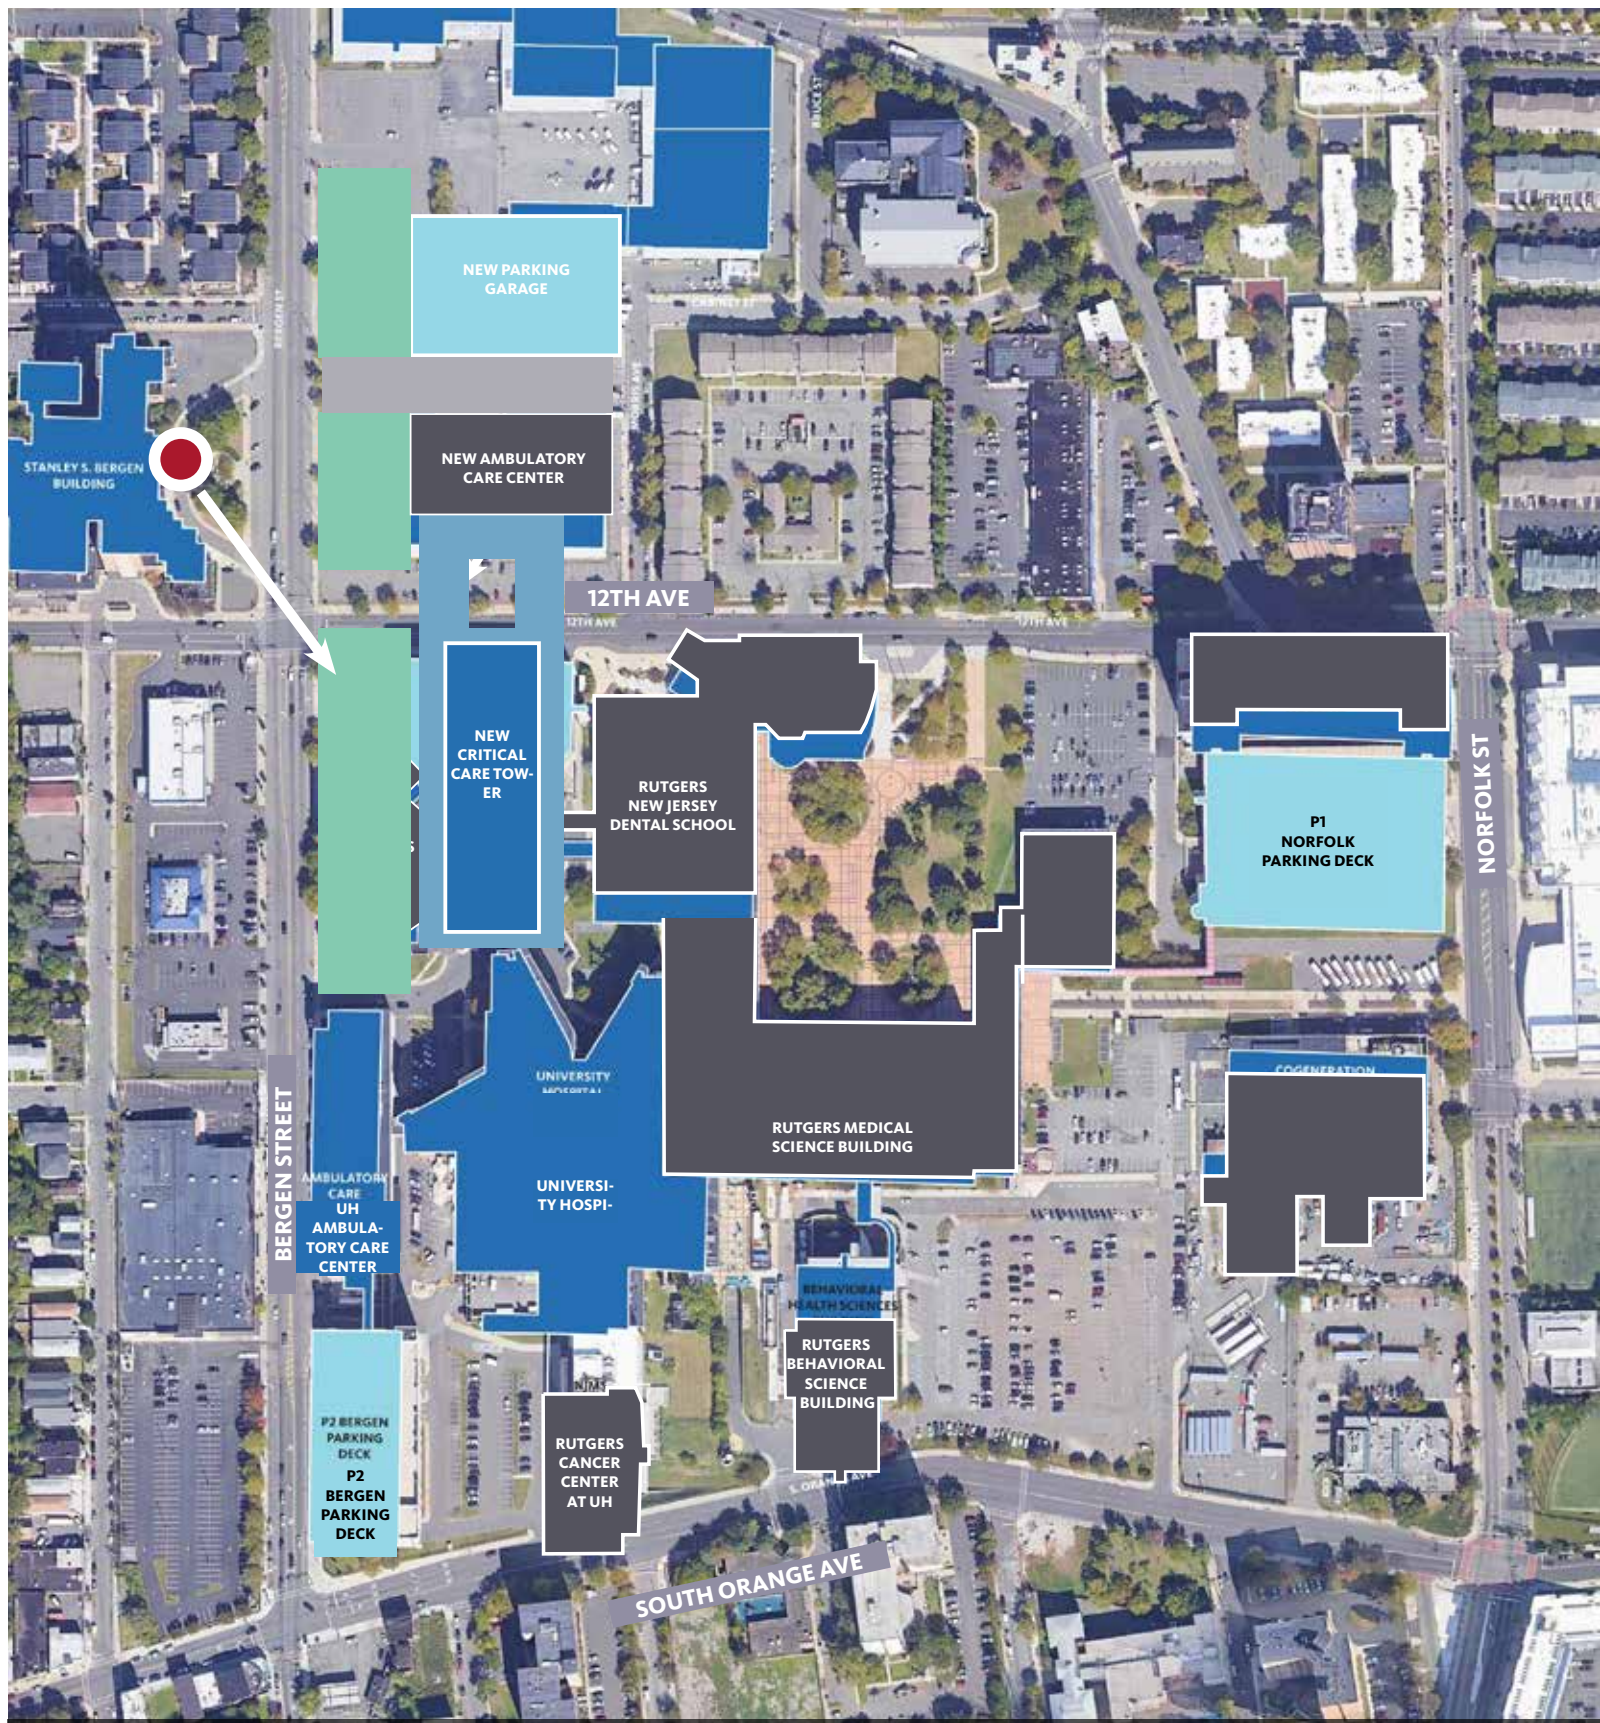

The second and third floors of the hospital serve as a new connector for the entire campus. This includes a best-in-class surgical center and pathways for patients, visitors, and staff to safely and conveniently move through the campus without having to go outside.

Clear Connection

Glass allows for people to see in and out, connecting University Hospital and the surrounding community.

Green Space

Large green spaces create a healthy campus environment with fresh air, comfortable temperatures in the summer, and opportunities for movement.

Bergen Street

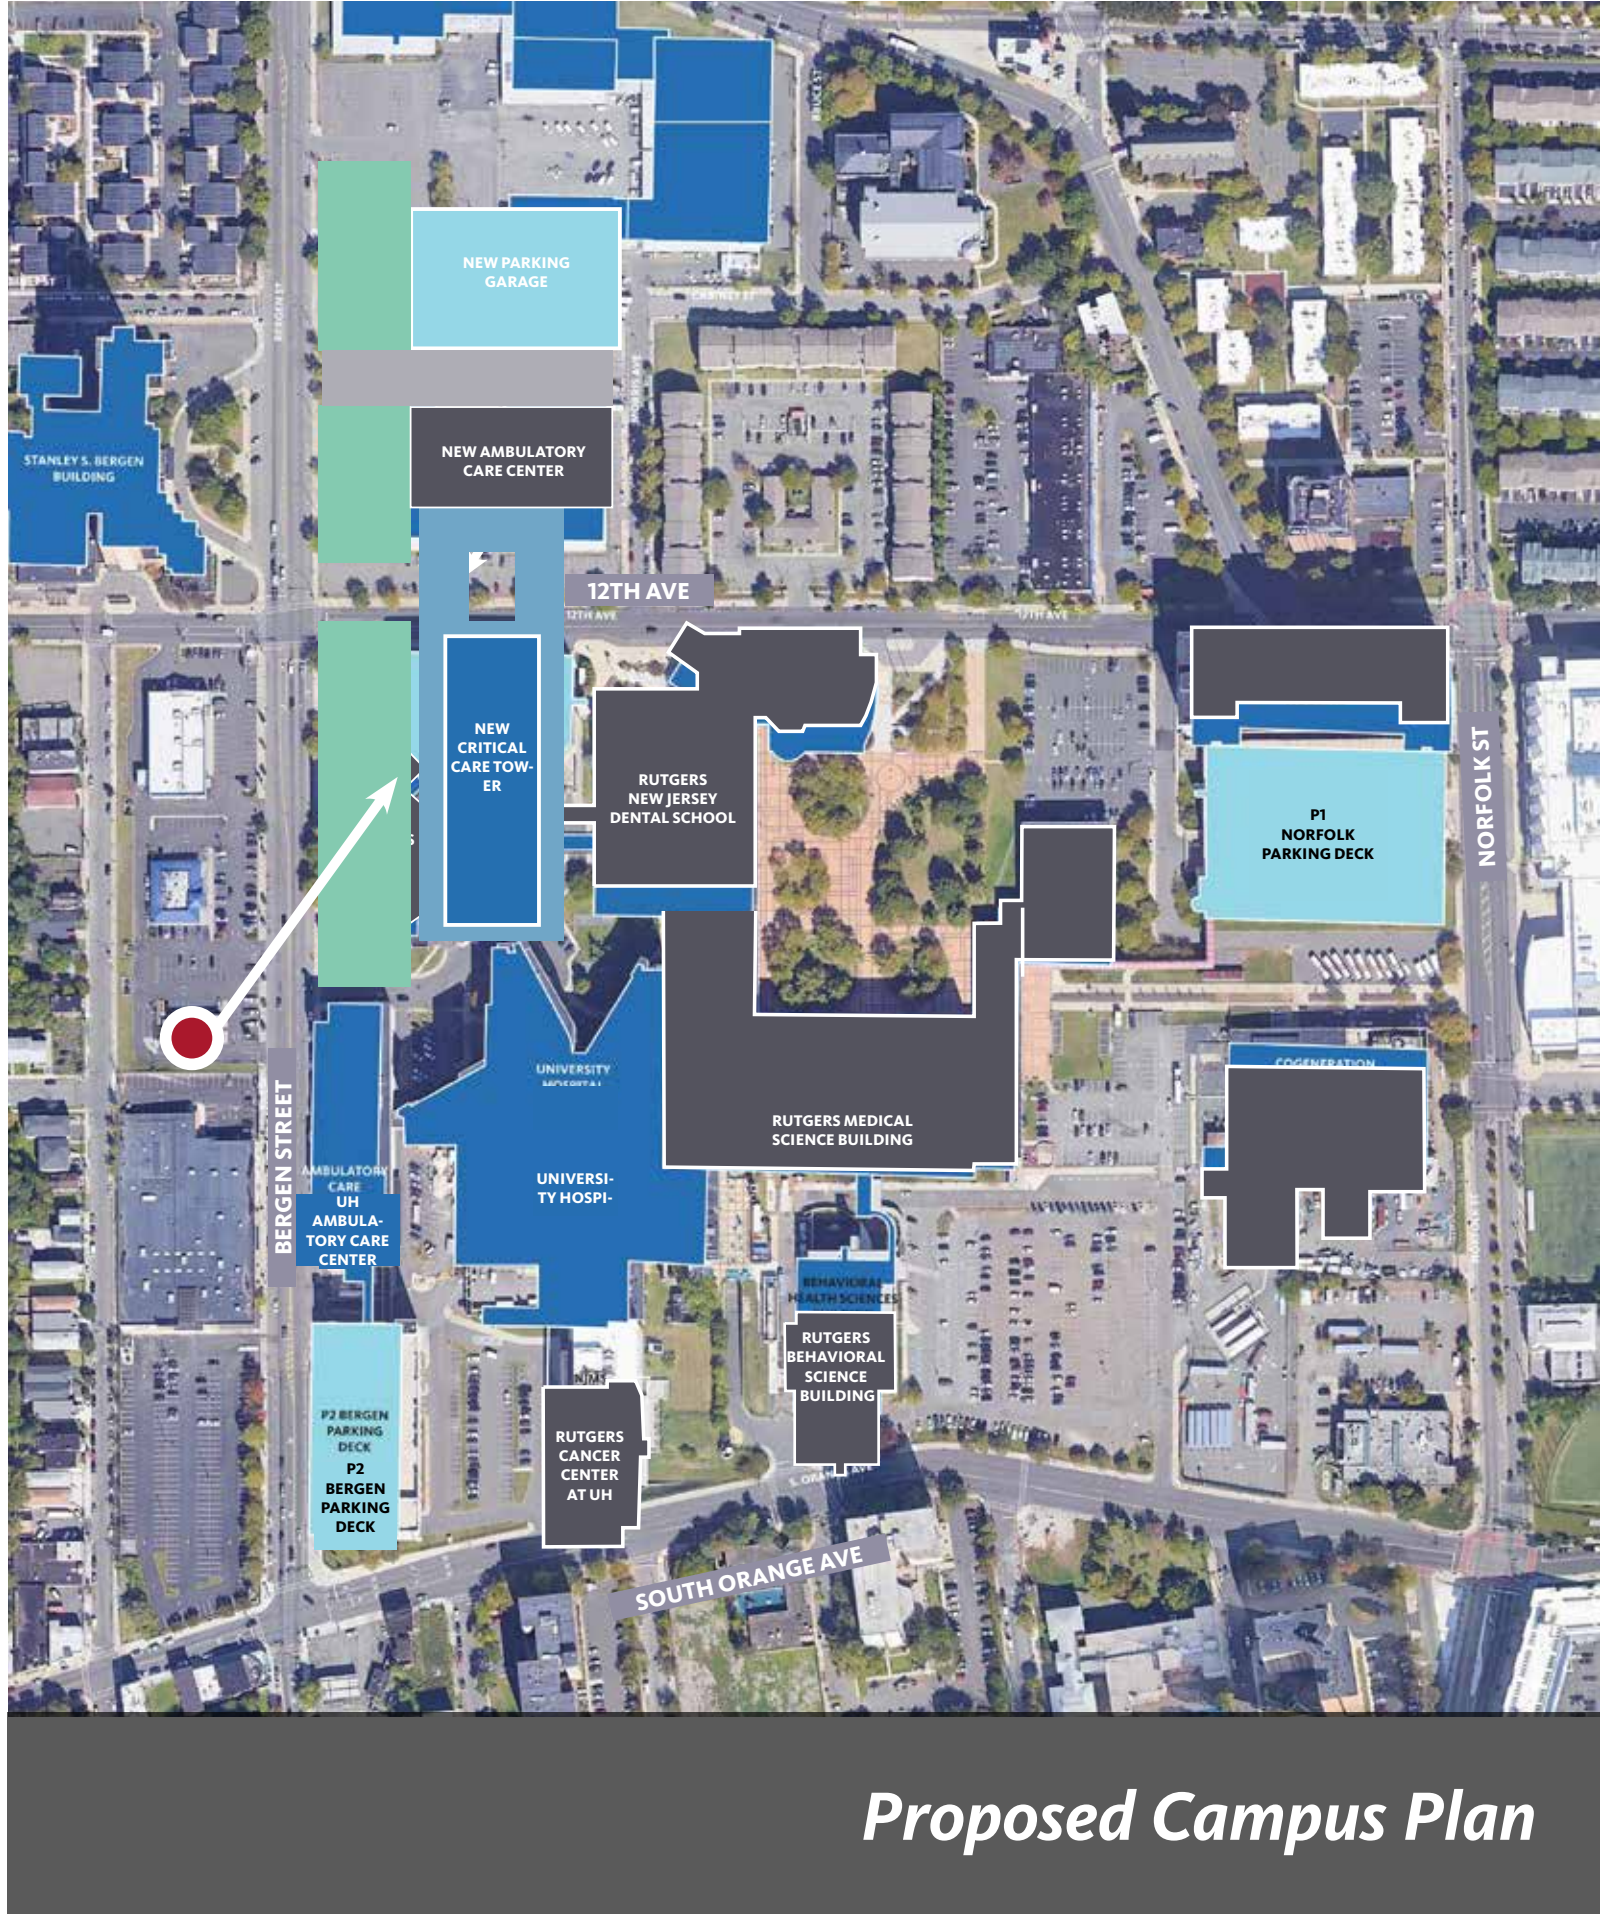

A new “front yard,” open to all, along Bergen Street allows for patients, staff, and community members to rest, play, and enjoy the outdoors.

Community Space

This building allows flexible, multi-purpose space for a range of programs and activities.

Moving around Campus

Wide, well-lit paths make the University Hospital Campus feel safe and accessible to all.

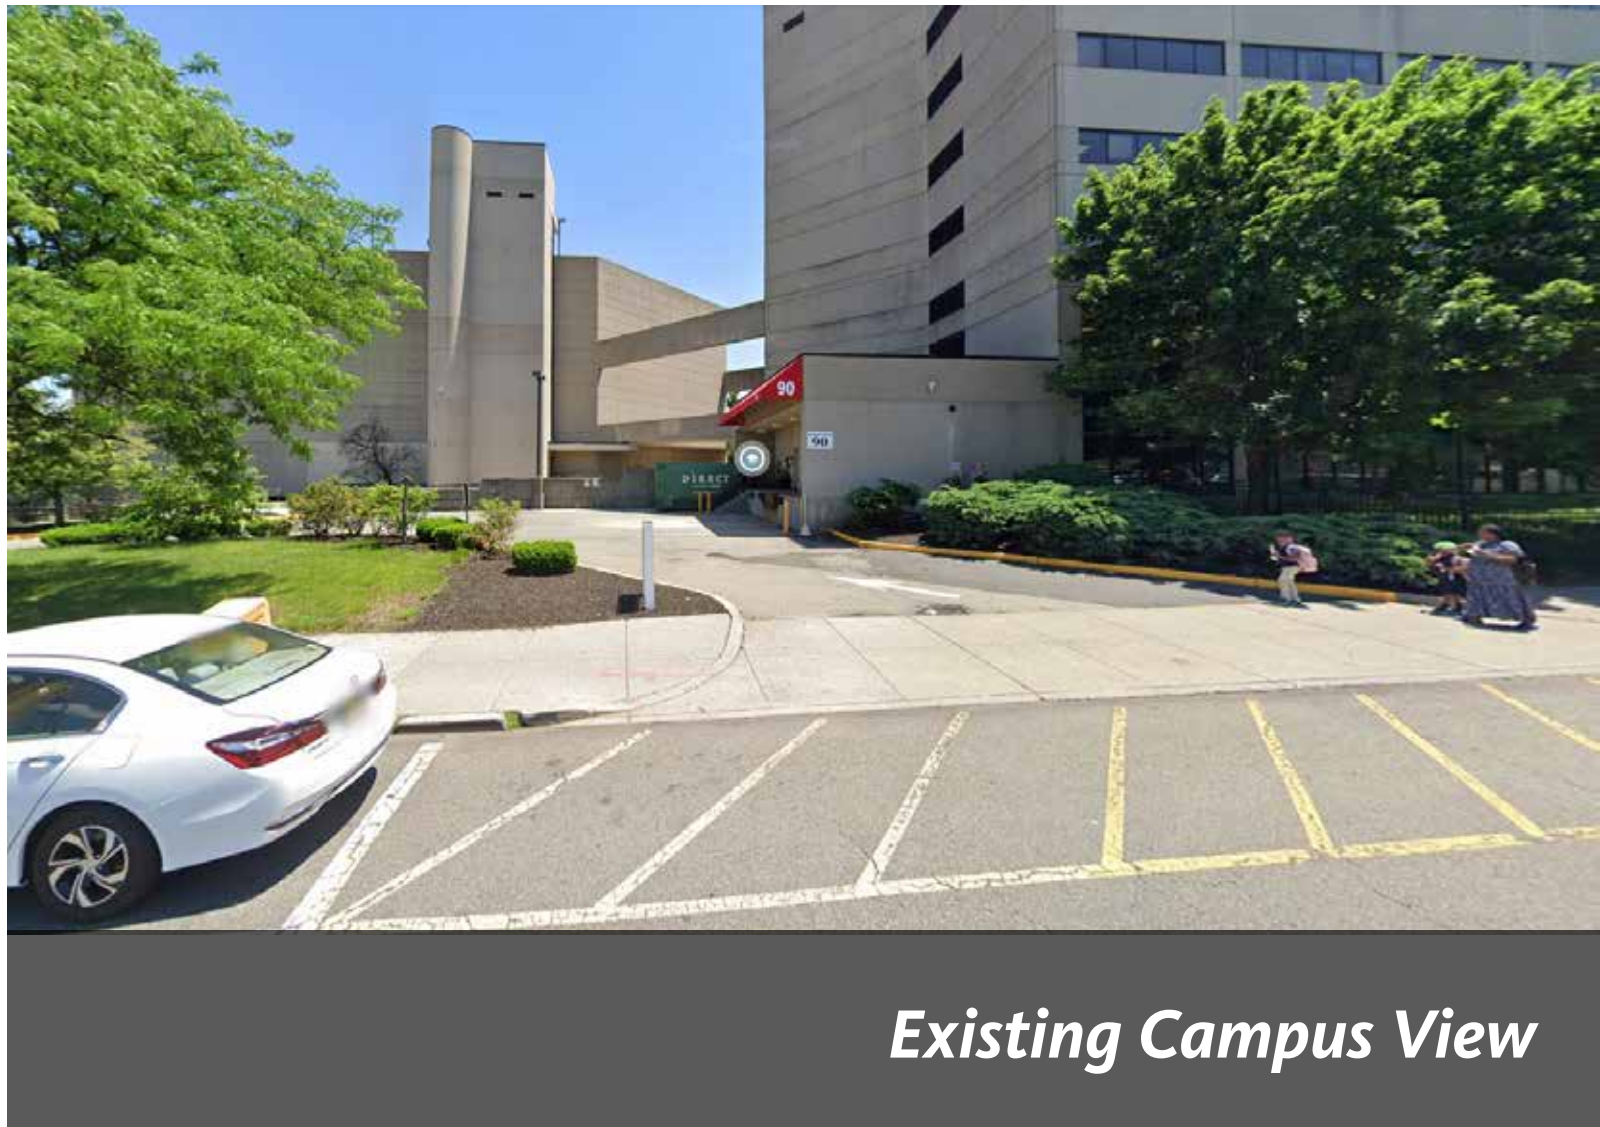

Green Space

Outdoor public spaces offer opportunities for rest, movement, and play.

The new green space and community pavilion along Bergen Street welcomes everyone to University Hospital. The ground floor of the Hospital will include state-of-the-art conferencing facilities, meeting spaces, healthy food and beverage offerings, and wellness spaces that support a healthy and vibrant community.
