A job description for the specific position occupied by the newly appointed employee will be distributed to them at orientation. Other job descriptions defining all positions under this Agreement will be made available for inspection by request.

3.04 Labor-Management Committee:

The Union and the Hospital agree to the creation of a Hospital Labor-Management Committee. This committee shall consist of representatives selected by the Union (not to exceed 8) and representatives of the Hospital (not to exceed 8). The Chief Executive Officer or Chief Operating Officer of Hospital shall attend a minimum of two (2) meetings of the Committee in each year of this Agreement. The Committee shall meet every two months, not to exceed 6 meetings in a year, unless mutually agreed to. The Committee shall meet for a reasonable time, not to exceed four (4) hours, as required to discuss mutual concerns of the Union and the Hospital.

This Committee shall function completely separate from and independent of all grievance procedures under this Agreement and these meetings shall not be considered negotiating sessions.

The Hospital agrees to release from work, if necessary, the members of the Labor-Management Committee, at no loss of their regular rate of pay for the purpose of attending Labor-Management Committee Meetings. The Union shall inform the Hospital's Office of Labor Relations by January 31st of each year of the names of the Union members of these Committees and shall also notify the Office of Labor Relations, at least three (3) weeks prior to a scheduled meeting, of any changes in Union members to these Committees. The Hospital shall notify the appropriate Nurse Managers, or Directors, or Administrators of the Union members to this Committee.

The parties recognize and agree that the Labor-Management Committee functions best when all representatives of the Union and the Hospital are able to attend. Consistent with patient care needs, the Hospital shall make every effort to ensure that Union members of the Committee are released from work and each representative shall work with their Nurse Manager to ensure unit coverage during the meeting. The Union members of the Committee shall provide timely notice to their Nurse Manager or designee of the time and place of each meeting. In addition, the Union chairperson of the Labor-Management Committee shall notify the appropriate Nurse Managers or designees on a quarterly basis of the schedule of Labor- Management meetings.

3.05 Staffing:

(A) General

The Hospital and the Union agree that in any patient care situation, patient safety and quality care is of utmost importance and must be ensured for the benefit of the patient, the staff, and the Hospital.

Recognizing the importance of staffing guidelines for the provision of patient safety and care, the Hospital agrees that there should be an appropriate number of staff in all units and departments on each shift. In determining staffing guidelines for a clinical area, the Hospital will always consider patient safety, patient level of care, the competency of the registered nurses, and the unit census. All of the above factors will be considered when assignments are

made. Patient acuity and nurse sensitive quality indicators will be considered in determining appropriate staffing.

(B) Staffing Committee

Within ninety (90) days of ratification, a Staffing Committee will be formed at University Hospital. The Committee shall be comprised of an equal number of Union and Hospital management committee members, one which shall be the Local Union President or designee. The Committee will be released with paid time to attend the Staffing Committee meetings. The Committee is responsible for monitoring and reviewing the staffing guidelines set forth in the master staffing policies and Appendix C.

The Hospital will provide information related to these items at the monthly Staffing Committee meeting: bed capacity; patient acuity when available; admissions and discharges; vacancies; unit schedule; and Staff Nurse separations. The Committee shall be responsible for reviewing and addressing unsafe staffing forms during the monthly Staffing Committee meeting.

The Staffing Committee will review unit/department specific staffing issues that enhance or interfere with the appropriate delivery of quality patient care. In addition, the Staffing Committee will review current unit/area staffing guidelines.

For those areas where staffing guidelines have not been established, and for any new programs/units which may arise during this contract, the Staffing Committee will develop and implement acceptable staffing guidelines.

(C) Staffing Guidelines

Diligent, good faith efforts will be made to maintain staffing guidelines for the duration of the shift. Any deviation shall be corrected as quickly as possible. To ensure that guidelines are maintained the Hospital shall measure staffing levels at the beginning of each shift (e.g., 7 a.m., 7 p.m.) and will complete the following steps as needed:

- Communicate to part-time/per diem for extra shifts;
- Communicate with full-time negotiations unit employees for overtime;
- Agency nurses for extra shift.

(D) Conflict Resolution

It is understood that occasional incidents of failure to satisfy the staffing guidelines established by the master staffing policies shall not constitute noncompliance with the staffing guidelines. If it is determined that the Hospital has not met staffing guidelines on a particular unit more than fifty percent (50%) of the time during a two week pay period, then regularly scheduled employees on the unit who worked the shifts that did not meet

guidelines shall receive a \$25 bonus for each shift that the unit did not meet the guidelines, provided, however, that if the failure to meet guidelines was due to unforeseen circumstances (including unscheduled absences where less than twelve (12) hours was given), such bonus shall not be paid.

If the Hospital can demonstrate to the Union that payments made in accordance with this Section have arisen from abuse relative to unscheduled absences, the Hospital may reopen this contract provision to deal with the conflict resolution provision of this Section.

Upon request, the Hospital will provide to the Union an electronic monthly report of daily staffing guidelines.

If there are unforeseen circumstances cancellations, unplanned absences, patient emergencies, or sudden changes in volume, the guidelines set forth in Appendix C shall not apply.

Transferred and promoted employees shall serve a ninety (90) calendar day probationary period, with a possible 30, 60, or maximum 90 calendar day extension. Time spent on an authorized leave shall not count towards the probationary period. However, if an employee transfers to a unit within the employee's float district and the employee has been oriented to the unit within the previous twelve (12) months, the employee will not be required to serve a probationary period. Probationary employees shall retain all benefits and rights pertaining to negotiations unit employees, including access to the grievance procedure, except that a decision to return the employee to the employee's former position or to a position of equal classification, at any time during the probationary period, shall not be grievable.

During the probationary period, the employee shall retain the right to return to the employee's former position if the position is still available. The employee shall also retain said right should the Hospital, either during or at the completion of the probationary period, determine that the employee has not met the performance standards of the new position. If the former position is not available, the employee may be placed in a suitable vacancy of the same title as the former position. If there is no suitable vacancy, or if the employee does not qualify for a vacancy, the employee will be placed on the recall list.

An employee who is promoted out of the negotiations unit but returns within one (1) year will be placed on the same Step that they were on when they received the promotion. However, if such an employee accepts a vacant position in the negotiations unit which has, as a condition of employment, a maximum salary less than their previous negotiations unit salary, such employee shall not be entitled to be placed on the same Step that they were on when they received the promotion out of the negotiations unit.

4.08 Probationary Period:

All Full and Part Time negotiations unit employees shall serve one hundred and eighty (180) calendar day probationary period following their initial date of hire. Time spent on an authorized leave shall not count towards fulfillment of the probationary period.

The Hospital reserves the right to extend the initial probationary period up to an additional thirty (30) days for Full and Part Time employees. It is understood that employees in their initial probationary period do not have all of the rights and benefits of employees who have satisfactorily completed their initial probationary period. Probationary employees shall not be entitled to "just cause" protections with respect to discipline and termination, "progressive discipline", or grievance or arbitration procedures with respect to discipline and termination. Further, notwithstanding anything to the contrary herein, probationary employees shall not be eligible for promotions or transfers; time or compensation for participation in educational programs, workshops, seminars, conferences and/or conventions except for those that are required by the Hospital; leaves of absences, except for University Hospital sick days and New Jersey Earned Sick Leave (as referenced above) and any other leaves required by law; clothing or uniform allowance; service on Hospital committees except as required by the Hospital; notice, or payment in lieu of notice, and vacancy, bumping, and recall rights in the event of a layoff or unit closure or reorganization; consideration of scheduling requests or preferences (except as to the use of accrued vacation, holiday, and float holiday time upon the completion of 90 days of service, as referenced above); or the reimbursement of costs associated with certifications.

Such examination shall not require a loss of paid time. If requested by the employee, a Union representative may accompany the employee.

An employee shall be allowed to place in such file a response of reasonable length to anything contained therein. The Hospital will honor a request made by an employee for a copy of any derogatory item, the employee's Employment application, resume, performance evaluations or any correspondence addressed to the employee contained in the central Personnel file.

An employee may request the expungement of materials included in the file where there are pertinent and substantive inaccuracies, or for reasons of time duration, relevance or fairness. Such requests will be evaluated in relation to the Hospital's needs for comprehensive and complete records but will not be unreasonably denied.

No document of anonymous origin shall be maintained in an employee's central personnel file.

4.10 Seniority:

1. **Accrual:** Seniority for Regular Full Time or Regular Part Time employees will be credited from the current date of hire, upon successful completion of the initial probationary period. Per Diem employees shall accrue seniority within their job classification. Only employees with prior UMDNJ service that were assigned to the Hospital without a break in service on July 1, 2013 shall receive credit for purposes of seniority for their prior UMDNJ service.
2. **Loss of Seniority:** An employee's seniority shall be broken by resignation, dismissals from employment, or other types of terminations, layoffs of more than one (1) year or refusal of a suitable position while on recall from layoff.

On a one-time basis, if an employee with 5 or more years of seniority as a full or part-time employee, then becomes a per diem employee, but returns to full or part-time status within a year, the employee shall retain their original date of hire as a full or part-time employee.

3. **Layoff:** Seniority will prevail on layoffs due to lack of work in the job classification or reductions due to economic considerations. For layoff, seniority is determined on a floor/unit (e.g. G-Blue, F- Green, I-Blue, etc.) or department (e.g. Radiology, Cardiac Catheterization, etc.) basis first, without taking shift into account. When an individual is identified for lay off, Human Resources will initiate the process below within 2 business days following receipt of signed layoff notice from the negotiations unit employee:
 - a) For layoff and bumping purposes, the Hospital will create two lists for Staff Nurses: (1) those in positions which are 36 hours per week or greater (referred to in this Article as "Group 1" positions), and (2) those in positions less than 36 hours per week, but at least 20 hours per week (referred to in this Article as "Group 2" positions). For purposes of layoff and bumping, all Group 1 employees will be treated the same as other Group 1 employees regardless of hours of work per week.
 - b) Except in cases of emergency, the Hospital agrees to meet with the Union at least one week in advance of any notice of layoff of more than 5 employees in the negotiations unit at one time. The purpose of the meeting is to discuss the pending layoff situation. At that meeting the Union is free to set forth its position on the pending layoff.
 - c) If 50 or more employees within a thirty (30) day period are subject to layoff, University Hospital will provide ninety (90) days' notice or compensation at the employees' regular

compensation rate to the extent such notice is deficient.

- d) If 49 or less employees are subject to layoff, University Hospital will provide twenty-eight (28) days' notice or compensation at the employee's regular compensation rate to the extent such notice is deficient. When a layoff notice is served to the employee, Human Resources will meet and discuss applicable options as set forth in Article 4.10(3)(i) Vacancies and Bumping.
- e) The layoff of regular full and part time staff from a specific work unit or department will not occur unless regularly assigned agency nurses and regularly assigned per diem nurses in the work unit/department are first eliminated.
- f) Within the assigned clinical unit, regular employees shall not be laid off before temporary employees in the same job titles.
- g) The Hospital shall continue the practice of providing the Union with a copy of each layoff notice sent to employees. Such notice shall be provided, by mail, fax, or email within twenty four (24) hours of the employee's receipt of the layoff notice.
- h) Hospital Divisions are as follows:
 - Ambulatory Care
 - Cardiac Services
 - Critical Care
 - Emergency Services
 - Family health Services
 - Perioperative Services
 - Medical/Surgical
- i) When an individual is identified for lay off or is displaced due to the closure or reorganization of a unit, the negotiations unit employee will follow the process below:

Vacancies

- i. First, an employee identified for layoff will be offered the opportunity to fill a vacancy, for which the employee is qualified, in the employee's current title within the employee's current department or division. If the employee chooses not to accept the vacancy offered, the employee may opt to be placed on the recall list. There will be no probationary period.
- ii. Second, if a vacancy pursuant to (i) above is not available, the employee will be offered a vacancy, for which the employee is qualified, in the employee's current title within the Hospital. If the employee chooses not to accept the vacancy offered, the employee may opt to be placed on the recall list. If the employee accepts a vacancy,

there will be a probationary period of 90 days, with a possible 30, 60, or maximum 90 calendar day extension. Time spent on an authorized leave shall not count towards the probationary period.

- iii. Third, if a vacancy pursuant to (i) or (ii) above is not available, the employee will be offered a vacancy, for which the employee is qualified, in the employee's immediate prior title within the negotiations unit, hospital-wide. If the employee opts not to fill the vacancy offered under this section, the employee may opt to be placed on the recall list or proceed to (iv) below. If the employee accepts a position under this provision, there will be a probationary period of 90 days, with a possible 30, 60, or maximum 90 calendar day extension. Time spent on an authorized leave shall not count towards the probationary period.

Bumping

- iv. Fourth, if an employee cannot be placed in a vacancy pursuant to (i), (ii), or (iii) above, the employee may bump the least senior employee in the employee's current title in a position for which the employee qualifies, within the Hospital. If the employee is unable to bump under this section, the employee may exercise rights under (v) below. If the employee accepts a position under this provision, there will be a probationary period of 90 days, with a possible 30, 60, or maximum 90 calendar day extension. Time spent on an authorized leave shall not count towards the probationary period.
- v. Fifth, if the employee is not offered the opportunity to bump pursuant to (iv) above, the employee may bump the least senior employee in the employee's immediate prior title in the negotiations unit, in a position for which the employee qualifies, hospital-wide. If an employee opts not to exercise the employee's bumping rights under this section, the employee may opt to be placed on the recall list. If the employee accepts a position under this provision, there will be a probationary period of 90 days, with a possible 30, 60, or maximum 90 calendar day extension. Time spent on an authorized leave shall not count towards the probationary period.
- j) An employee in a Group 2 position may not bump an employee in a Group 1 position. However, an employee in a Group 2 position may bump other employees in Group 2 positions if the employee that is bumped is at equivalent or less hours. Employees in Group 1 positions may, however, bump employees in Group 2 if there are no Group 1 opportunities available, either through a vacancy or bumping. For purposes of bumping, all employees in Group 1 positions shall be treated the same regardless of hours of work per week.
- k) An employee who is placed in a vacant position may not bid on a vacant position for a period of three (3) months. An employee who bumps into a position other than a temporary position may not bid on a vacant position for a period of six (6) months. However, in the event an employee's position is eliminated due to the reorganization or

closure of a unit and a vacancy within the same title occurs in their former unit/department within one year, the employee will be permitted to bid on their former position.

4. Recall: The following applies to recall from layoff:

- a) Laid off employees, in the order of Hospital seniority, have first recall rights beginning with the title and position from which they are laid off, to the immediate prior position for which they meet the requirements.
- b) If more than one employee has the same Hospital Date of Hire, then the former position number will be used as the tiebreaker, with the higher number being recalled first.
- c) All laid off employees who have been employed for at least one year as of the date of layoff shall retain their rights of recall for one (1) year from the date of layoff. Should a laid off employee refuse a position when recalled, the employee shall be removed from the recall list.
- d) Upon recall, an employee shall retain their original date of hire.

4.11 Transfer/Promotion/Reclassification

The announcement of position vacancies will be posted on the Hospital's Human Resources website for a minimum of five (5) business days.

Non-probationary employees who wish to make application to any such vacancy shall submit their applications on the Hospital's web-based tracking system.

The Hospital retains its right to select the applicant, whether internal or external to the Hospital, that the Hospital determines is the best qualified to fill the vacancy. Qualifications that are considered include, but are not limited to, academic credentials, past performance, time and attendance, seniority and experience.

The Hospital will interview at least two (2) internal applicants who meet or exceed the minimum qualifications listed for the position.

The Hospital agrees that the applicable procedures and policies pertaining to promotions shall be fairly and equitably applied to all internal candidates. Any decision by the Hospital pertaining to promotion is grievable by the Union only on the basis that such policies and procedures were not applied in an equitable manner.

Where two (2) or more staff nurses request a lateral transfer within the same job classification and are of equal qualification, as determined by the hiring manager, the Hospital shall select the

employee with the greatest seniority. Qualifications that are considered, include but not limited to, academic credentials, past performance, time and attendance, and experience.

4.12 Subcontracting:

If the Hospital contemplates contracting for work normally performed by negotiations unit employees covered by this Agreement and the result would be the displacement of those employees, the Hospital agrees that, at least five (5) weeks prior to the execution of such contract, it will meet with the Union for the discussion of the proposed contract.

If such contract is executed, the Hospital agrees to give displaced staff consideration concerning other positions at the Hospital for which they are qualified.

- a. If 50 or more employees are subject to layoff within a thirty (30) day period, University Hospital will provide ninety (90) days' notice or compensation at the employee's regular compensation rate to the extent such notice is deficient.
- b. If 49 or less employees are subject to layoff, University Hospital will provide twenty-eight (28) days' notice or compensation at the employee's regular compensation rate to the extent such notice is deficient. When a layoff notice is served to the employee, Human Resources will meet and discuss applicable options as set forth in Article 4.10(3)(i) Vacancies and Bumping.

The continued use of agency nurses who are scheduled as per Article 24 is not covered by this provision.

5. WORK TIME

5.01 Normal Workday:

For the purposes of determining the application of any employee's regular compensation rate, the employee's normal workday will be eight (8), ten (10) or twelve (12) work hours. The workday of employees regularly scheduled to work greater than eight (8) hours shall be defined under the specific Schedule sections of this Agreement.

All defined workdays shall include rest periods as specified in section 7.14 and a thirty (30) minute unpaid scheduled meal period.

A Full Time employee shall normally be scheduled to work a full eight (8) hour shift.

5.02 Normal Workweek:

For Full Time employees who are regularly scheduled on an eight (8) hour basis, the normal work week will be forty (40) hours. The employee will have two (2) days off in each week. The

workweek begins at 12:01 am. Sunday and ends midnight Saturday.

Employees regularly scheduled to work on other than an eight (8) hour basis shall have their respective workweeks defined in Section 4.02 of this Agreement.

5.03 Work Schedules:

Employee requests or preferences for the upcoming schedule will be submitted in writing no less than two (2) weeks in advance of the posting of the schedule. During the two weeks in advance of the posting of the schedule, no requests or preferences for the upcoming schedule will be entertained. The Hospital will respond in writing to all requests or preferences within fourteen (14) calendar days of submission.

The Hospital shall post a schedule of not less than four (4) but no greater than six (6) weeks of each employee's assignment not less than two (2) weeks in advance of the start of each schedule. Such schedule shall be maintained until it is superseded by a new schedule or changed by an agreement between the Hospital and the employee concerned. The Hospital reserves the right to change the schedule in case of emergency.

The Hospital will respond in writing to all written requests for changes in the posted schedule within seven (7) calendar days of submission. Changes in a posted schedule must be proposed in writing and approved in writing by the appropriate Nurse Manager. Employees may request to change shifts or days off with another employee of the same skill level. The request shall be in writing by both employees to the Nurse Manager before the scheduled change takes place. Changes requested by the employee in the posted schedule will be considered by the Hospital and not be unreasonably denied. One reason to deny a requested switch would be if overtime costs are created or increased as a net result of the switch.

An on-call schedule shall be posted two weeks prior to the on-call assignment.

5.04 Overtime Work: Compensatory Time Off

The employee may request overtime pay or compensatory time off. The Hospital retains the option of paying overtime pay or compensatory time off.

5.05 Overtime Work: Scheduling

The Hospital will follow all New Jersey statutes and regulations regarding mandatory overtime.

If it is practical and consistent with the efficiency of operations, overtime shall be scheduled and distributed on a rotation basis by job classification within each functional work unit. The Hospital shall give employees as much advance notice as possible relative to the scheduling of overtime. Subject to operational needs, the Hospital will make its best efforts to post the overtime schedule at the same time the work schedule is posted.

An employee who refuses an overtime assignment shall be considered to have worked for the purposes of determining equal distribution of overtime. Once an employee is scheduled and accepts an overtime assignment, the employee shall be subject to all Hospital rules and regulations and the appropriate provisions of this Agreement.

In cases where mandatory overtime is required, then the least senior qualified employee of the employees on duty can be required to stay and work the overtime. Such mandatory overtime shall be rotated starting with the least senior qualified employee.

An employee who is scheduled to work overtime shall be subject to the provisions of the Hospital's Attendance Control Policy and Procedures.

Employees with performance deficiencies or poor attendance will be prohibited from working voluntary overtime.

Barring personal emergency, an employee scheduled to work overtime is required to notify the Hospital Staffing Office or in the case of employees working in the ACC, the nursing office, twelve (12) hours prior to the start of the overtime shift if they are unable to report to work. Failure to call in prior to twelve (12) hours before the start of the overtime shift will make the employee ineligible for voluntary overtime for the next posted schedule. Failure to call in prior to two (2) hours before the start of the overtime shift will be considered a no call/no show absence and the employee shall be subject to discipline.

Unit assignment of overtime personnel may be subject to change dependent upon patient care needs. In the event an employee refuses assignment, the employee will be subject to appropriate discipline for insubordination. However, if at least one hour and forty-five minutes prior to the start of the scheduled overtime shift, it is determined that the overtime is not needed as originally assigned, the employee will have the option of working another overtime assignment or not working the overtime shift.

Employees may work a maximum of two (2) twelve (12) hour shifts or three (3) eight (8) hour shifts per week in overtime.

If an employee has been scheduled for overtime at least twenty-four (24) hours in advance, the employee must receive at least two (2) hours' notice of cancellation of the scheduled overtime. If less than two (2) hours' notice is received, the employee will have the option of coming to work (paid at overtime) or not coming to work (without overtime pay).

5.06 Weekend Rotation:

(A) A weekend off shall be defined as Saturday and Sunday for all employees.

(B) For units and departments at the Hospital that are open on weekends, the Hospital will grant

each Full Time and Part Time employees at least twenty-six (26) weekends off per calendar year.

- (C) Employees scheduled on a twelve (12) hour basis will normally be assigned to work thirty-six (36) weekend hours per four (4) week scheduling cycle unless the operational needs of the Hospital require a greater assignment. Should such employee be assigned to work greater than thirty-six (36) weekend hours in a four (4) week scheduling cycle such assignment shall not be for two (2) consecutive work schedules.

Full-time employees scheduled on a twelve (12) hour basis will not be required to work more than thirty-nine (39) weekend shifts per calendar year. The Hospital shall make its best efforts to assign full-time twelve (12) hour shift employees to no more than thirty-six (36) weekend hours per four (4) week scheduling cycle.

Part-time employees scheduled on a twelve (12) hour basis will not be required to work more than twenty-six (26) weekend shifts per calendar year. The Hospital shall make its best efforts to assign part-time twelve (12) hour shift employees to no more than twenty-four (24) weekend hours per four (4) week scheduling cycle.

Nothing contained herein shall prevent employees from voluntarily working more than the required weekend shifts per calendar year.

No full-time or part-time employee scheduled on a twelve (12) hour basis shall be required to work more than forty-eight (48) hours in a four (4) week scheduling cycle. No negotiations unit employee shall make up a weekend shift that would result in overtime.

Full-time employees scheduled on a twelve (12) hour basis shall have at least two (2) of the required weekend shifts per schedule scheduled on the same weekend.

- (D) Full-time employees scheduled on an eight (8) hour basis shall not be assigned weekend work hours in such a manner as to schedule an employee to work on more than two (2) weekends (four shifts) per month except by mutual agreement between the employee and the Hospital. An employee may be scheduled to work on more than two (2) weekends during a four (4) week schedule cycle in which the employee or other employees assigned to the same work unit and work shift is scheduled to take vacation time which includes weekends. However, and in such case, no employee will be scheduled to work more than eight (8) weekend work shifts in an eight (8) week period.

The Hospital shall make every effort to schedule both full-time and part-time eight (8) hour shift employees every other weekend off in "non-peak" vacation periods.

Part-time employees scheduled on an eight (8) hour basis are required to work four (4) weekend shifts each four (4) week schedule, except if as a condition of employment they have been hired to work exclusively weekend hours. However, part-time employees who are

hired to work on weekends may work additional hours consistent with part-time status.

All weekend hours will be paid at the rate of \$1.50/hour. The weekend differential will be paid for all hours worked from 7:00 a.m. Saturday to 7:00 a.m. Monday.

- (E) Nurses must make up weekend shifts for which they have called out, as determined by management within two (2) work schedules. Subject to operational needs, an employee's preference for the make-up weekend shift will be considered.

Notwithstanding the above, for Nurses on payroll as of January 1 of the calendar year, the below indicated sick call outs will not be required to be made up:

Nurses on eight (8) hour shifts:

One (1) weekend shift per calendar year or

Two (2) shifts per calendar year if they are on consecutive calendar days

Nurses on all other schedule:

One (1) weekend shift per calendar year

Nurses who work four (4) hours into a weekend shift and leave due to illness, shall not have to make-up a weekend shift.

If a negotiations unit employee does not work on a weekend shift due to a leave of absence or extended paid sick leave, the employee shall not be required to make up the day (or days).

5.07 Coverage for Approved Leaves of Absences or Long-term Paid Sick Leave

The parties agree that there shall be no shift reassignment, except to cover up to twelve (12) weeks of an approved leave of absence or long-term paid sick leave. Prior to reassigning an employee to another shift, the Hospital shall first seek volunteers. As a last resort, on a rotating basis, the least senior employees in the nursing unit (e.g. F-Green) shall be reassigned. Shift reassignment for an employee shall be limited to four (4) weeks duration unless an employee agrees to work on another shift for a longer period of time.

The Hospital shall provide at least fourteen (14) days' notice prior to reassigning an employee to another shift.

5.08 Standard Day

A standard day shall be defined as the standard work week hours for that classification (i.e., non-exempt 35 hours or 37.5 hours or 40 hours or exempt a minimum of 37.5 hours) divided by 5. For example, 35 hours per week divided by 5 equals a standard day of 7 hours. This is pro-rated for part-time employees (e.g., 24 hours per week divided by 5 equals 4.8 hours a day).

5.09 Per Diem Commitment Staff Nurse

One (1) full weekend (Saturday/Sunday) per month
One (1) weekday shift per month
One (1) winter or summer holiday per year (alternating annually)

Employees shall notify their Nurse Manager no later than September 30th of each year whether or not they wish to be paid for the time. 7.02 Holiday Entitlement:

Recognizing that the Hospital is open every day of the year and that it is not possible for all employees to be off on the same day, the Hospital shall have the right, at its sole discretion, to require any employee to work on any of the holidays herein specified. The Hospital agrees to assign holidays off on an equitable basis.

If the holiday falls on an employee's day off, the employee shall receive another day off for the holiday. Such day may not be used prior to the date the actual holiday is observed and shall be scheduled within sixty (60) calendar days after the date the actual holiday is observed.

If the employee has requested but not received the compensatory time off for the holiday by the sixty (60) calendar day period, the Hospital will either pay the employee for the holiday at the employee's regular rate of pay, or shall schedule the employee for the time off, by the next pay period.

If a holiday falls during an employee's vacation, the day will be observed as a holiday and vacation time will not be charged for the day.

Payment will be made in July, and paid in one lump sum at the employee's regular rate of pay in effect at the time the payment is made.
3. An employee who is not in active status on a day designated by the Hospital as a holiday will not receive compensation for said holiday.
4. Upon termination of employment or transfer from the twelve (12) hour work shift scheduling basis or the eight (8) hour work shift scheduling basis in Newark in an inpatient unit, the employee will be compensated for accrued holiday pay for any Hospital designated holiday which has not been paid, less any monies the employee may owe the Hospital.

7.04 Vacation Amount:

Vacation accruals for newly hired or rehired employees will commence upon the successful completion of the employee's probationary period and will be credited retroactively to the employee's date of hire or rehire.

Vacation time will accrue in each calendar year in accordance with the following schedule. The annual rate will change in the month when the employee reaches a service milestone if the

employee's anniversary date is before the 16th of the month and will change effective the following month if the employee's anniversary date is the 16th of the month or after.

<u>Length of Service</u>	<u>Accrual Rate</u>
From date of hire to completion of 3 years	1 1/4 days/month
From start of the 4th year to completion of 18 years	1 2/3 days/month
From the start of the 19th year	2 1/12 days/month

7.05 Vacation Pay:

An employee will be paid for vacation at the employee's regular rate of pay.

7.06 Vacation Entitlement:

All regular Part Time employees who are included in this negotiations unit shall accrue vacation credit on a proportionate basis based on the number of hours the employee was hired. Per Diem employees are not entitled to vacation benefits.

Vacation credit shall not accrue while an employee is on an unpaid leave except that an employee will receive credit for the month the leave commenced provided the leave commenced on or after the 16th and will receive credit for the month the employee returns from leave provided the employee returns on or prior to the 15th of the month.

An employee who has resigned with appropriate notice, or who has been discharged, except for cause, shall be entitled to vacation allowance of unused vacation time accrued within the time limit described previously, less any overdrawn sick time allotment except that an employee separated during the initial hire or rehire probationary period will not be entitled to such allowance.

If an employee dies having vacation credits accrued within the limits described previously, a sum of money equal to the compensation computed on said employee's regular salary rate at the time of death shall be calculated and paid to the employee's estate less any overdrawn sick time allotment.

7.07 Vacation Scheduling:

The vacation period will be the entire year. The employee will, subject to the Hospital's operating requirements, have the employee's choice of vacation time; it being recognized, however, that vacations must be scheduled by the Hospital in a manner designed to insure the effective and efficient operation of the Hospital, including staffing needs. No part of an employee's scheduled vacation may be charged to sick time.

The Hospital may restrict the amount of vacation time granted to an employee during prime vacation periods to allow for equitable distribution of prime vacation time among employees.

The prime vacation periods shall be defined as December 1 through January 15, and Memorial Day through Labor Day. Subject to operational needs, and on a rotational basis, the Hospital shall not unreasonably deny extended vacations upon an employee showing of good cause.

After successful completion of the initial probationary period, vacation allowance must be taken by the end of the calendar year following the calendar year in which it was accrued. An employee may carry a maximum of one (1) year of earned vacation allowance forward into the next succeeding year. When unusual circumstances warrant an exception, amounts greater than one (1) year can be carried over with the approval of an employee's Director of Patient Care Services and the Chief Human Resources Officer.

Subject to proper patient care and operational needs, the choice of vacation time for negotiations unit employees will be determined within the work unit on the basis of Hospital seniority. Employees within one work unit shall not be denied vacation time due to vacation time scheduled in another unit.

Vacation requests for each "vacation year" of April 1 through March 31, must be planned and requested by February 15th of each year.

The employee will submit three (3) choices of vacation time in order of priority. In situations in which choices of vacation are timely and two (2) or more employees request the same time period, seniority will prevail.

Failure to submit a vacation request by February 15th will result in loss of seniority status as it relates to vacation requests. Should this occur, the employee will be presented with the dates of available vacation weeks after the "vacation planner" has been completed; with request for vacation responded to in writing within seven (7) calendar days of receipt.

A maximum of two (2) weeks' vacation will be granted in the prime vacation period from December 1 to January 15. This time will be granted on a seniority basis and will rotate. Employees are required to work either Christmas or New Year's. Requests to exceed the maximum two (2) weeks' vacation during the prime vacation period of December 1 to January 15 may be granted if the Hospital, within its sole discretion, determines that appropriated coverage for the unit will not be affected. Requests will be handled on a first come first serve basis. In the event of multiple requests, seniority shall govern, but once vacation is granted bumping does not apply. No employee may request more than two (2) weeks' vacation during the prime vacation period until such time as all vacations have been scheduled pursuant to the procedure set forth in this Article.

Employees may not pyramid any personal leave days during vacation time unless special permission has been obtained from the Director of Patient Care Services.

Approved vacation time requires the signature of the employee's nursing unit's manager or designee. Written approval of vacation time will be given to the employee no later than March

15.

Vacation time may be taken as one (1) or more single days, or one (1) or more single weeks.

Employees wishing to maintain the integrity of their regular scheduled weekend and forego the weekend with the vacation period must do so in writing.

For employees working twelve (12) hour or ten (10) hour shifts, vacation days will be taken as twelve (12) or ten (10) hour days. Individual vacation days can be requested; and such requests will not be unreasonably denied. Only fourteen (14) consecutive days off will be granted during prime time.

More than one (1) employee per work unit/department and work shift may be scheduled for vacation at one time provided that appropriate coverage for the unit/department is not affected. Employees are not responsible for providing staff coverage as a basis for the approval of requested vacation time unless the employee's work schedule has already been posted.

An employee may use vacation days on an emergency basis for the care of a sick family member or member of the employee's household, subject to the submission of appropriate documentation when required.

7.08 Sick Leave: Entitlement and Amount:

Sick Time and leaves of absence shall be governed in accordance with the Hospital's policies except as provided in this Agreement.

1. Throughout this Agreement "Sick Time" or "Sick Day" shall refer to University Hospital accrued Sick Time or Sick Day to differentiate from New Jersey Earned Sick Leave time.

Regular employees, shall accrue one (1) sick day per month based upon the standard day for their classification as defined Section 5.08, Standard Day, including those scheduled on a twelve (12) hour basis, shall accrue sick days on the basis of one (1) eight hour day per month, except that Regular full time employees working 7.5 hour days shall accrue sick days on the basis of one (1) 7.5 hour day per month. Regular part time employees shall be credited for accrued sick time on a pro- rated basis. Unused University Hospital sick time is cumulative.

2. For employees taking medical/FMLA leave for self, the maximum leave allowed will be twelve (12) weeks, unless the employee has paid time accruals exceeding that amount of time. In cases where the employee has in excess of twelve (12) weeks of paid time accrued, the maximum length of leave time shall be equal to the lesser of the employee's paid time accrual or twelve (12) months. In the event an employee requires leave time exceeding twelve (12) weeks and has exhausted paid time accruals, the employee may apply for paid time in accordance with the Staff Leave Donation policy. All Paid sick time accruals must be utilized first, then float holidays and vacation accruals may be used at the employee's option. For

employees applying for New Jersey Temporary Disability, they must use up to two (2) weeks of accrued sick time based on the standard week, which will be pro-rated for Part-time employees. However, no employee shall be required to use any accrued sick time which would result in their having less than one (1) week's worth of that time. The statutory 12-week FMLA shall run concurrent with the first 12 weeks of such leave. The total amount of time that a negotiations unit employee may be continuously out of work cannot exceed fifty two (52) weeks. However, employees hired prior to January 1, 1983 shall be entitled to use all accrued paid sick time.

3. Employees may use only forty (40) hours of New Jersey Earned Sick Leave in a fiscal year (July 1st to June 30th). New Jersey Earned Sick Leave shall run concurrently with FMLA and NJFLA. Employees may carryover a maximum forty (40) hours of New Jersey Earned Sick Leave from one (1) fiscal year (July 1st to June 30th) to the next. Employees who are scheduled to work twelve (12) hour shifts shall be permitted once per benefit year to use New Jersey Earned Sick Leave in a four (4) hour increment (rather than a full-shift increment) provided that they must also utilize eight (8) hours of University Hospital sick leave (or, if none is available, vacation or float holiday time) to cover the remainder of their shift. Such use of University Hospital sick leave for purposes authorized by the New Jersey Sick Leave Law, and in accordance with the notice and documentation requirements of the New Jersey Sick Leave Law, shall not constitute a violation of the Attendance Control Policy.
4. Employees with five (5) or more years of service will be eligible for an emergency advance of up to one (1) year's equivalent of sick leave under the following circumstances:
 - (A) At least twenty (20) sick days have been or will have been continuously used for the same emergency immediately before any of the advanced days. These days must have been used to cover absences for illness.
 - (B) The employee has not been the subject of a written warning, suspension or any other discipline for attendance within the previous year. All evaluations over the last two (2) years must have been satisfactory.
 - (C) The application for the advance must be approved by the Department Head and accompanied by documentation of the illness.
 - (D) The application must also be approved by the Chief Human Resources Officer or their designee.
 - (E) The approval/disapproval of the application for emergency advance of sick leave is grievable up to Step II of the Grievance Procedure. The decision of the Step II Hearing Officer is final and not subject to arbitration.
5. Sick time accruals are cumulative from one year to the next.

6. Per Hospital policy, an employee can use up to ten (10) accrued sick days, then float holidays and accrued vacation time, to take care of a seriously ill family member, which will be prorated for Part-time employees.

7.09 Sick Leave Notice and Restrictions:

An employee will be paid for sick leave at the employee's regular rate of pay.

Employees are required to comply with the departmental call in procedure. If the illness extends beyond one (1) day, the employee must continue to call in ill each day unless they have already indicated to their supervisor an expected return date. If the illness extends beyond the expected return date the employee must call in with a new expected return date.

Attendance abuse shall be defined in accordance with the Hospital's Attendance Control Policy.

Employees taken ill while on duty and who leave their work station with their supervisor's permission shall be paid for the authorized time spent on the employer's premises and may use accrued sick leave if they desire payment for the balance of the work shift. Employees may be excused without seeking medical attention at the Hospital by their supervisor. An employee identified as an attendance abuser, in accordance with the Hospital's Attendance Policy, will not be paid for time spent on the Hospital's premises while seeking medical treatment. Such time will be unpaid except when an employee seeks treatment for a work-related injury or illness.

Whenever a regular employee retires, except an employee who elects deferred retirement, pursuant to the provisions of a state administered retirement system and has to the employee's credit any accrued sick leave, the employee shall be compensated for such accrued sick leave as follows: The supplemental compensation amount payment shall be computed at the rate of one-half (1/2) of the eligible employee's daily rate of pay for each day of unused accumulated sick pay accruals based upon the average annual regular rate of compensation received during the last year of the employee's employment prior to the effective date of the employee's retirement provided however that no lump sum supplemental compensation payment shall exceed fifteen thousand (\$15,000.00) dollars.

The compensation shall be paid in accordance with the State rules then applying.

10.01 Terminal Benefits:

A Full Time or Part Time employee whose employment is terminated by reason of permanent layoff will receive as a terminal allowance:

(a) (i) If 50 or more employees are subject to layoff in a thirty (30) day period, University Hospital will provide ninety (90) days' notice or compensation at the employee's regular compensation rate to the extent such notice is deficient.

(ii) If 49 or less employees are subject to layoff, University Hospital will provide twenty-eight (28) days' notice or compensation at the employee's regular compensation rate to the extent such notice is deficient.

(iii) When a layoff notice is served to the employee, Human Resources will meet and discuss applicable options as set forth in Article 4.10(3)(i) Vacancies and Bumping.

(b) Accrued but unpaid vacation and compensation time to the employee's termination date.

10.02 Resignation:

An employee who terminates by resignation will give the Hospital twenty-one (21) days written notice. Staff who resign and provide the twenty-one (21) days' written notice will be entitled to all accrued but unused vacation time, less any sick time advanced but not accrued. If an employee has approved vacation, Float Holiday or scheduled sick time prior to the submission of resignation, which falls during the notice period, that time shall not count towards fulfilling the written notice. Staff that resign and fail to provide the twenty-one (21) days' written notice shall

forfeit accrued but unused vacation time, less any sick time advanced but not accrued, as follows:

- Staff that resign with less than three (3) days' notice shall forfeit one hundred (100%) percent of their accrued but unused vacation time, less any sick time advanced but not accrued;
- Staff that resign and provide at least three (3) days, but less than seven (7) days' notice shall be entitled to twenty-five (25%) percent of their accrued but unused vacation time, less any sick time advanced but not accrued;
- Staff that resign and provide at least seven (7) days, but less than fourteen (14) days' notice shall be entitled to fifty (50%) percent of their accrued but unused vacation time, less any sick time advanced but not accrued;
- Staff that resign and provide at least fourteen (14) days, but less than twenty-one (21) days' notice shall be entitled to seventy-five (75%) percent of their accrued but unused vacation time, less any sick time advanced but not accrued;

If an employee calls out sick after submitting resignation, they shall be salary deleted, unless a doctor's note is presented.

Notwithstanding the foregoing, Staff that resigns due to documented unforeseen circumstances beyond the employee's control that required the employee to resign without providing the twenty-one (21) days' written notice shall be entitled to one (100%) percent of their accrued but unused vacation time, less any sick time advanced but not accrued, so long as the employee provided the Hospital, at the time of resignation, with sufficient documentation in support of the unforeseen circumstances and as much notice of the resignation as was practicable under the circumstances.

After submitting a notice of resignation, an employee shall only be eligible to use a maximum of two (2) float holidays within the last three weeks of employment, provided the request(s) for such float holiday(s) are approved.

10.03 Shift Differential:

The Hospital will pay a shift differential of \$3.50/hour to Full Time or Part Time employees who work the evening shift (3:00 p.m. - 11:00 p.m.) or the night shift (11:00 p.m. - 7:00 a.m.). Shift differentials are not considered to be a part of an employee's regular compensation rate. Employees hired on or after October 26, 2016 shall only be entitled to the shift differential when a majority of the scheduled hours on the employees' shift occur after 3:00 p.m. and before 6:00 a.m.

10.04 Charge Nurse Differential:

Effective January 1, 2010, the charge nurse differential will be one dollar and seventy-five cents (\$1.75) per hour.

A Staff Nurse who is assigned by management, or management's designee, to perform the function of a charge nurse assumes responsibility for the operation of the floor or unit.

A staff nurse who is designated to perform the functions of a Charge Nurse shall receive the Charge Nurse differential for the time so designated by management.

When assigning charge duties, the Hospital will first seek volunteers. If there are no volunteers deemed qualified by management, charge duties will be assigned on a rotational basis among qualified staff nurses. If there is a need to assign a staff nurse to be a Charge Nurse for an extended period of time, volunteers will be sought first, but the final decision regarding the assignment rests with management.

10.05 Education Differential:

- (A) The certification differential will be paid to staff nurses at the rate of one dollar and seventy-five cents (\$1.75) per hour.

Should certification expire, certification differential will be discontinued effective immediately. Certification differential will be reinstated on the date documentation of the certification is presented to Human Resources.

In each year paid, staff nurses shall receive, if certified, a payment for only one (1) certification. An employee's certification must be nationally recognized and related to the employee's specialty practice.

- (B) Full Time and Part Time staff nurses with a Bachelor's Degree in Nursing (BSN) from an accredited school will receive additional compensation of eighty cents (\$.80) per hour.

Full Time and Part Time staff nurses with a Master's Degree in Nursing (MSN, MA, Ed.M.) from an accredited school will receive additional compensation of one dollar (\$1.00) per hour.

Staff nurses may only receive compensation for the BSN or Master's Degree, not both.

- (C) The compensation for a staff nurse's BSN or Master's in Nursing shall be paid bi-weekly and shall be effective the date on which the Human Resources Department receives proof of the degree.
- (D) Effective upon ratification, should an APN or CRNA be certified in a specialty practice that is not required under the employee's profession, job title or license, the APN or CRNA shall be eligible for certification pay.

It is understood that an APN or CRNA may only be entitled to receive payment for one (1) certification per year.

Those CRNAs who qualify for certification pay under this Article shall be paid in the same manner as other professional nurses paid on an hourly basis.

APNs must provide proof of certification to the Human Resources Department by each November 1. Any APN entitled to certification pay under this Article shall receive a lump sum payment no later than the second paycheck of December of each year. A full-time APN who qualifies for the certification pay described herein shall receive a lump sum payment of three thousand dollars (\$3,000). A part-time APN who qualifies for the certification pay described herein shall receive a lump sum payment of one thousand five hundred dollars (\$1,500.00).

Any certification for which certification pay is sought must be (1) an ANA certification; (2) nationally recognized; and (3) related to the APN's specialty practice.

Those Full-Time employees that are matriculated in the Rutgers School of Nursing program as of October 1, 2016 will be grandfathered and are eligible to receive a maximum of seven thousand dollars (\$7,000) annually for courses completed at Rutgers School of Nursing-with a grade of "C" or better.

The Hospital will reimburse all eligible Part Time negotiations unit employees (excluding per diems) fifty (50%) percent of tuition costs, up to a maximum of two thousand five hundred dollars (\$2500) annually for courses completed in an accredited School of Nursing with a grade of "C" or better. Those Part Time employees that are matriculated in the Rutgers School of Nursing program as of October 1, 2016 will be grandfathered and are eligible to receive a maximum of three thousand five hundred dollars (\$3,500) annually for courses completed at Rutgers School of Nursing-with a grade of "C" or better.

For direct care employees who work in in-patient psychiatric units, the Hospital will give those full-time employees an annual uniform allowance of \$250 per year.

Part-Time staff will receive an annual uniform allowance equal to one half of applicable uniform allowance, if any, for full-time employees.

Where the Hospital requires employees to wear uniforms but chooses not to provide them, the uniforms worn by employees shall then comport with such standards as are or may be set forth by the Hospital in its dress code policies.

- (B) The uniform allowance will be effective July 1st of each fiscal year to all eligible employees noted above who have completed their initial probation period prior to July 1st. Full or Part Time payments will be based on the employee's status as of July 1st. The employee must be in active pay status as of the date of payment.

10.10 Preceptor Pay:

- (A) In acute care settings, when practical, preceptorship shall be distributed on an equitable basis among qualified employees who have maintained at least a satisfactory or better performance and attendance record. The employee should have successfully completed a preceptor training program offered or approved by the Hospital.

As a Preceptor, a Staff Nurse is responsible for guiding and developing a new hire Staff Nurse, a Staff Nurse transitioning to a new area or other nursing staff as identified by nurse management to ensure that they achieve the required skills and competencies.

- (B) Each nurse will receive a differential of six (6%) percent of the employee's regular rate of pay when functioning as a preceptor.

10.11 Floating:

- (A) The Hospital will make its best efforts to minimize floating within the term of this contract.

In the event that it becomes necessary for an employee to be assigned, on a shift-by-shift basis, to another unit, nursing management shall ensure that patient care assignments shall be within the educational and skill level of the assigned/floated nurse. The Hospital shall utilize the following guidelines when floating/assigning nurses:

1. Float pool employees shall be assigned prior to the floating of other full- time or part-time negotiations unit employees.
2. Agency personnel assigned.
3. Per diem staff will be assigned.
4. Volunteers shall be sought.
5. The Hospital may assign employees on a rotation basis, with the least senior employee floating first.
6. Overtime staff will be assigned.

The Hospital will use its best efforts to assure that the floating of staff will be done on an equitable basis. To do so, the Hospital will assign an employee during the employee's orientation period, e.g. new hire, new program implementation/equipment introduction, in such manner as to enable the employee to acquire the necessary experience and training to assure safe practice when the employee is floated.

No employee will be given an assignment for which the employee has not been adequately trained, or which would cause the employee to violate the Rules and Regulations of the New Jersey Board of Nursing Practice Act.

Daily floating will be reviewed on a quarterly basis. If a full-time and/or part-time staff nurse has been floated within Float Section more than five (5) shifts during the previous quarter, the floated nurse will receive a differential of three dollars (\$3.00) per hour for all additional hours floated.

A differential of three dollars (\$3.00) per hour will be paid to a full-time and/or part- time employee who is assigned to a unit outside of their "float section" on a temporary shift-by-shift basis. However, said float assignment shall not be counted when determining the employee's eligibility to receive the three dollar (\$3.00) per hour differential for being floated more than five (5) shifts in a quarter set forth in the paragraph above.

Float Sections:

1. EMERGENCY DEPARTMENT/ FLIGHT NURSES/EMS NURSES, H-Blue (a.k.a. EDOU), H-Blue (a.k.a. EDOU) to ED Obs
2. RADIOLOGY/NEURO INTERVENTIONAL, CARDIAC CATH LAB, ANGIOGRAPHY
3. I-YELLOW 1, I-YELLOW 2, PROGRESSIVE CARE UNITS (PCU) (with the exception of

Pediatric Step-Down), CARDIAC CATH LAB, CTICU, SICU, NICU, FLIGHT NURSES

4. OR, SAME DAY SURGERY (UH & DOC), SPECIAL PROCEDURES, E-YELLOW, PACU
5. H-YELLOW, H-GREEN, H-BLUE, G-BLUE, F-YELLOW, E-BLUE, F-BLUE, I-BLUE, D-GREEN
6. MOTHER-BABY, L & D
7. PEDIATRICS
8. FICN/FIN, PEDS ICU
 - a. On a voluntary basis and following completion of full orientation to be cross trained and deemed competent, negotiations unit employees may be floated to PEDS ED
9. All AMBULATORY CARE SERVICES
10. G-YELLOW

Staff Nurses who are chosen for the “float pool” will be assigned to a float section as defined above and their daily assignments may vary in accordance with operational needs. Staff Nurses who are permanently assigned to the float pool shall receive a differential of five dollars and fifty cents (\$5.50) per hour for all hours worked and said differential shall become part of the Staff Nurse’s hourly regular rate of pay.

If a Staff Nurse is qualified and is assigned to work in a float section other than the float hired, the employee shall receive a differential of seven dollars (\$7.00) per hour for all hours worked outside of the employee’s float section (e.g. float section is the emergency department (pediatrics) and an employee floats/works in the pediatric step down unit).

(B) Float Section Designation:

The Hospital will notify the Union prior to the opening of a new unit or division in order to determine the float section to which the new unit or division will be assigned. Upon request by either party, the Union and the Hospital shall meet and discuss revisions in the above float sections.

(C) Temporary Reassignment:

Management, in its sole discretion, may seek volunteers who are not in the Float Pool to be temporarily reassigned, for a four (4) week period, to a unit other than the one to which the employee is permanently assigned. An employee on temporary reassignment shall report to

the unit where the employee is temporarily assigned. Full-time employees who are selected for and serve in a temporary reassignment will receive a differential of five dollars (\$5.00) per hour for all hours worked in the temporarily reassigned unit.

10.12 Travel Reimbursement:

Current policy and procedures shall remain in effect throughout the term of this Agreement.

10.13 EMS Float Assignment

In the event that an EMS staff nurse is assigned to float to a location other than their regularly assigned location, the employee shall be reimbursed the mileage difference between their home to regular assignment location and home to float assignment.

11. HEALTH AND SAFETY:

11.01 Health Examination:

Prior to the start of employment, the Hospital will provide to each candidate for employment with a physical examination. Thereafter, an examination will be provided if required by the appropriate accrediting authority, by the Hospital, or by State and/or Federal law.

Employees returning from medical or disability leave must present a note from the treating physician which indicates the date the employee was able to return to duty and certifying the employee's fitness to return to work full duty. The Hospital may, at its own cost and expense, have a physician of its choosing perform a physical examination of the employee to ensure fitness and capability to return to work.

11.02 Employer Obligation:

The Hospital agrees to provide adequate and regularly maintained sanitary facilities for employees' use. Each employee will maintain acceptable standards of personal hygiene and cleanliness in accordance with the requirements of the job.

The Hospital shall make reasonable provisions for the safety and health of its employees and will observe all applicable health and safety laws and regulations. The Hospital will provide safety devices for employees when deemed appropriate by the Hospital or as required by law and will provide a reasonably safe and healthy place of employment.

An employee must report incidents of unsafe and/or unhealthy conditions to the employee's supervisor immediately.

The Hospital and HPAE agree, upon request of either party, to discuss problems concerning

health and safety in the Labor/Management meetings. Any recommendations concerning improvement or modification of conditions regarding health and safety shall be reported to the Hospital's Safety Committee.

11.03 Health Security:

1. The Hospital shall provide PPD tests for employees working under health hazards at the Hospital's time and expense.
2. The Hospital shall provide the Hepatitis B vaccine at no cost to employees who may be exposed to blood and other potentially infectious body fluids in the course of the employee's job.
3. The Hospital shall provide an annual infection control update for all employees which shall include the following:
 - a. Transmission of blood borne, airborne and other infectious diseases.
 - b. Universal precautions, respiratory precautions and other infection control measures.
 - c. Post needle stick and other blood and body fluid exposures management protocols.
4. The Union shall have the right to one (1) representative for the Hospital Health and Safety Committee.
5. The current practice of providing security escorts as available upon the request of an employee shall continue.

11.04 Extended Treatment Area

1. The Hospital will obtain a list of volunteers, from amongst the negotiations unit that agree to work, when necessary, in the Hospital's Extended Treatment Area ("ETA").
2. When it is necessary for a patient to be treated in the ETA, the Hospital will assign employees in the negotiations unit to work in the ETA as follows:
 - a. First, from amongst those employees on the volunteer list that are working at the Hospital at that time, so long as it is operationally feasible to reassign them to the ETA at that time; and
 - b. Second, if the ETA cannot be adequately staffed pursuant to (a) above, then management will assign other employees to the ETA in its sole discretion from amongst those working at that time, whether or not they are on the volunteer list,

provided the employee has been properly trained in the donning and doffing of PPE. When this occurs, management will also contact volunteers on the volunteer list that were not working at the Hospital when the assignment became necessary, and will seek to get those volunteers in to replace the non-volunteers in the ETA as soon as practicable.

6. Effective CY-2017, the Hospital will provide training to volunteers and all nurses in the Emergency Department twice per year in donning and doffing of PPE used in the ETA.
7. If management determines that an employee must be quarantined at the Hospital as a result of the care given to a patient at the Hospital, then the employee shall be entitled to compensation during the time that the employee is quarantined, up to a maximum of four (4) weeks, as follows:
 - a. The employee shall be paid at the employee's regular rate of pay for all shifts that the employee was scheduled to work; and
 - b. The employee shall be paid at the rate of four dollars and fifty cents (\$4.50) per hour for all other hours that the employee is quarantined at the Hospital not covered by (a) above.

11.05 Inclement Weather Emergencies

1. The President and CEO of the Hospital, or their designee, has the option, in their sole discretion, to declare an "Inclement Weather Emergency." An Inclement Weather Emergency day would generally be declared on days of extreme inclement weather or other days where serious emergencies occur. The decision to declare an "Inclement Weather Emergency" will be announced on the Hospital's intranet page, on the Inclement Weather Hotline (telephone), and/or by any other reasonable means of communication. Once so announced, it is presumed that all employees are aware of the determination. Announcements of closing or "state of emergency" by any federal, state or local governmental agency will not pertain to the Hospital.
2. Employees will be assigned at the sole discretion of the Hospital as either:
 - a. Category Red employees – those employees whose presence the Hospital has determined as necessary to the provision of safe, effective and efficient services.
 - b. Category Blue employees – those employees whom the Hospital has determined may be absent for a limited period of time without impacting critical services to patients and the community.
3. The determination as to which Category employees are assigned shall be made by the applicable department, in the sole discretion of the department. Employees shall be advised of their assigned Category in writing, and will sign an acknowledgment of receipt of the

assignment information. This acknowledgment will be forwarded to Human Resources by the department for inclusion in the employee's personnel file. If an employee is not so advised in writing, the employee shall default to Category Red. When the department deems it necessary to change the designation, it must advise the employee of the change and obtain a revised signed acknowledgment form from the employee, which shall be promptly forwarded to Human Resources. Until the Hospital obtains an integrated electronic system, the Hospital will make reasonable, diligent efforts to provide the Union upon request employees' status.

4. If the Hospital declares an Inclement Weather Emergency, non-exempt Category Red employees will be paid as follows:
 - a. Employees who arrive for their assigned shifts on time, will be paid a differential of twenty (20%) percent of their regular rate of pay for all hours worked.
 - b. Employees that are already working at the time that the Inclement Weather Emergency begins shall be paid a differential of twenty (20%) percent of their regular rate for all hours continuously worked following the time that the Hospital established as the start time for the Inclement Weather Emergency.
 - c. Employees that were not scheduled to work during an Inclement Weather Emergency, but who nevertheless come to work voluntarily at the request of management, shall be paid a differential of twenty (20%) percent of their regular rate for all hours continuously worked following the time that the Hospital established as the start time for the Inclement Weather Emergency.
 - d. Employees who report up to two (2) hours late for their assigned shift shall be paid their regular rate of pay for all hours worked and will be paid for the time, up to two (2) hours, they were late. Employees must adhere to the department's call in procedure regarding lateness.
 - e. Employees who report for their assigned shift more than two (2) hours late will be paid their regular rate of pay for hours actually worked only. Employees must adhere to the department's call in procedure regarding lateness.
5. If the Hospital declares an Inclement Weather Emergency, exempt Category Red employees will not be paid additional compensation for working during the Inclement Weather Emergency, but may be provided compensatory time on a shift by shift basis for all full shifts worked during an Inclement Weather Emergency. Such compensatory days must be used prior to vacation days and float days and by the end of the quarter following the quarter in which they are earned. If a Category Red exempt employee does not come to work at all on a declared Inclement Weather Emergency, the employee will be salary deleted for the assigned shift missed and the absence may also be counted in accordance with the Attendance Control Policy at the discretion of management. However, the Department Head

may advise a Category Red employee in writing (which includes an e-mail) that the employee does not need to come to work that day, in which case, the employee may utilize Float Holiday time or accrued vacation time in order to be paid for the shift not worked during the Inclement Weather Emergency.

6. Except as provided in Paragraph 5 above, Category Red non-exempt and exempt employees may not use Float Holiday time, Compensatory time, or Vacation time on any day that is declared an Inclement Weather Emergency, unless the time off was approved prior to the declaration.
7. Category Blue exempt and non-exempt employees will not report to work on a declared Inclement Weather Emergency. Category Blue exempt and non-exempt employees will utilize Float Holiday time or accrued vacation time in order to be paid for the shift not worked during an Inclement Weather Emergency, or they will be salary deleted if there is no such time available to them.- To the extent that a Category Blue employee is already working at the time that an Inclement Weather Emergency is declared and is directed to go home by management before the completion of their shift, the Category Blue employee shall suffer no loss of pay as a result of management's determination to send them home.

All Category Red staff that is on duty at the time when an Inclement Weather Emergency is declared must remain on duty until management authorizes the employee to leave. The negotiations unit employee shall be paid for all times required to remain on duty during a state of emergency. In no case, however, will management mandate an employee to work more than sixteen (16) consecutive hours without a significant rest break [four (4) hours minimum]. The rest break will be unpaid and not count as time worked.

8. The Hospital maintains the right to require a Category Blue employee to report to work if management determines they are needed in order to provide safe and effective patient care. In those cases, they will be treated as a Category Red employee for that instance. If operationally feasible, the Hospital may provide opportunities for Category Blue employees who are converted to Category Red employees in an emergency, the option to work remotely if the employee already telecommutes on a regular basis as part of their work for University Hospital.
9. To the extent operationally feasible, the Hospital shall provide reasonable and safe accommodations for employees to sleep over at the Hospital before an anticipated Inclement Weather Emergency or following their shift that occurred during a declared Inclement Weather Emergency.
10. The Hospital shall provide either a meal or a voucher for a meal to any employee working or resting at the Hospital for all meals that occur during the Inclement Weather Emergency.

12. EMPLOYEE FACILITIES:

12.01 Nurses' Lounge:

The Hospital, to the extent resources permit, will provide nurses' lounges. Such areas as are provided should be well lit and ventilated and contain furniture that is clean and in good repair. The parties will cooperate to keep these areas clean.

12.02 Parking:

Subject to the parking fee agreement with Rutgers University, the parking fee for all negotiations unit employees will be equal to one-half of one (.5%) percent of the annual salary based on the regular rate of pay as of the last pay period of the previous fiscal year. All employees hired during any fiscal year shall pay a prorated fee for the remainder of the fiscal year based on their salary at time of hire.

The parking fee shall be paid in pre-tax dollars.

13. NO STRIKE/NO LOCKOUT:

The Union and the employees agree to refrain from any strike, work stoppage, slowdown, concerted refusal to work overtime, or concerted sick call, and will not support or condone any such job action, nor prevent or attempt to prevent the access of any person to the Hospital's facilities during the term of this Agreement.

The Hospital agrees that there shall be no lockouts during the term of this Agreement.

14. DISCIPLINE:

14.01 Definition:

1. No non-probationary employee shall be subject to discipline by the Employer without just cause. The terms of this Article shall not be applicable to employees in their initial probationary period (including any extensions), or any temporary, casual, or per diem employees. Employer's judgment as to the adequacy of the probationary employee's performance during the probation period or any action taken as a result thereof, shall not be deemed "discipline" nor shall it be subject to challenge by the Union or employee pursuant to this Article. A negotiations unit employee shall be informed of their right to have a Union Representative present at a disciplinary conference.
2. The term "discipline" shall mean: (a) official written warning or written warning in lieu of suspension without pay, (b) suspension without pay, (c) demotion, which is any reduction in grade or title, or (d) discharge, when any of the foregoing occur based upon the employee's conduct or performance. The following shall not be construed as discipline:
 - a. Dismissal or demotion due to layoff or operational changes made by the Hospital;

- b. Written or verbal counseling. A Counseling Notice is part of the performance improvement process and is an opportunity for management to constructively discuss with an employee the Employer's observations about the employee's performance or behavior. Oral counseling, although in writing, is not to be considered discipline and shall not be placed in the employee's Human Resources file.
3. The Hospital reserves the right to substitute a written warning in lieu of suspension without pay and such substituted written warning shall substitute for suspension in the Hospital's scheme of progressive discipline.
4. The Hospital may also, in lieu of suspension and upon mutual consent of the Union and employee, deduct up to five (5) days from the employee's vacation balances. In such circumstance, the disciplinary penalty will be equivalent to the same number of days of suspension and treated for all purposes as equivalent to a suspension without prejudice to the Employer, the Union or the employee.
5. When discipline is imposed pursuant to this Article, the Employer shall provide written notice of the discipline to the employee and the Union if present on a form expressly provided for that purpose by the Human Resources Department. The written notice shall include a reasonable explanation of the reasons for the discipline and the penalty being imposed. A copy of the written notice of discipline shall be provided to the Union as soon as feasible but no later than seventy-two (72) hours, excluding weekends and observed holidays, after being submitted to the employee.
6. Unless otherwise stated in the written notice of discipline, any suspension without pay of two (2) shifts or more, demotion, or discharge shall be effective immediately, subject to reversal only pursuant to the grievance procedure.
7. If during the course of an investigation, the Hospital determines that an employee needs to be placed on an administrative leave without pay, after two (2) weeks such leave must be with pay, unless the employee does not cooperate with the investigation which led to administrative leave without pay; in that circumstance, the Hospital will provide written explanation of the delay to the Union prior to the extension of administrative leave without pay, then the administrative leave shall continue without pay. If the Hospital seeks to continue the Administrative Leave beyond two weeks as a result of the continuation of the investigation, any additional Administrative Leave shall be with pay.

If, following the conclusion of the investigation, it is determined that no suspension, written warning in lieu of suspension, or termination will be issued, then the employee shall be entitled to backpay for the period of time when the employee was on Administrative Leave without pay.

If it is determined that an employee on unpaid administrative leave should be suspended, the

employee shall receive a written warning in lieu of suspension for two (2) days.

8. The Union has the right to challenge the discipline by timely filing a grievance at Step 1 in accordance with the Grievance Procedure in Section 14.02.
9. All discipline not covered by Paragraph 6 shall be stayed until resolved through Step 2 of the Grievance Procedure. During the time that such discipline is stayed, it may not be referred to in any evaluation, promotional decision, or subsequent disciplinary charge other than termination, until the grieved discipline has been resolved through Step 2 of the Grievance Procedure. In the event that any portion of the suspension without pay is served before a grievance has been filed, only the balance of the suspension without pay shall be stayed and there shall be no entitlement to automatic reimbursement or reinstatement for the portion of the suspension without pay served prior to the filing of the grievance.
10. The Union has the right to challenge disciplinary suspensions without pay for two (2) shifts or less through Step 2 of the grievance procedure. Since such suspensions without pay are not subject to arbitration, the Hospital agrees to comply with the following timeframes as they relate to Step 2 hearings on disciplinary suspensions without pay of two (2) shifts or less:
 - a. The Step 2 hearing will be held as soon as practicable, but no later than four (4) months from the date the Union makes a written request for a Step 2 hearing; and
 - b. The Step 2 decision shall be issued no later than forty-five (45) days following the completion of the Step 2 hearing.

If the Hospital fails to meet either of the time limits set forth above, the discipline shall be deemed to have been abandoned by the Hospital and the employee shall be reimbursed the full amount of lost wages during the term of the employee's suspension without pay and all references to the discipline shall be removed from the employee's personnel file.

11. Prior to suspension without pay or termination of an employee, the Hospital shall provide the employee with a pre-suspension/pre-termination opportunity to be heard. The employee will be afforded a meeting with the Hospital to discuss the allegations against the employee that could potentially result in a suspension without pay or termination and the employee will be given an opportunity to present the employee's version of the facts. The Hospital shall consider the employee's position prior to rendering a decision of whether to impose discipline pursuant to this Article. The employee shall have the right to Union representation at this meeting.

14.02 Grievance Procedure:

(A) Definition

A grievance shall be defined as any alleged violation of the express terms or conditions of any

provision of this Agreement or any claimed violation, or misinterpretation of rules, regulations, existing policy, or orders of the Hospital affecting the terms and conditions of employment.

(B) Formal Steps

All grievances shall be processed in the following manner:

Step 1:

Any non-disciplinary grievance shall be submitted in writing, to the applicable Department Head within ten (10) calendar days of its occurrence or of the date when the employee or the Union first became aware of the circumstances giving rise to the alleged grievance.

If the grievance relates to disciplinary action, the grievance must be submitted, in writing, to the applicable Department Head within ten (10) calendar days of the Union's receipt of the written notice of discipline.

The written grievance shall set forth the name of the grievant(s), the date of the alleged violation, the alleged facts of the grievance, the specific Article(s) and Section(s) alleged to have been violated, and the remedy that is being sought by the grievant or Union. If the grievance is disciplinary in nature, copies of all documents relied upon by the employee or Union in challenging the discipline must be included.

Step 2:

If the Union is not satisfied with the Step 1 Decision, it may submit the grievance to Step 2, in writing with supporting documentation, to the Director of Labor Relations, within ten (10) calendar days, excluding holidays, after receipt of the Step 1 Decision. Either the Director of Labor Relations or designee, or the Union, may request a Step 2 hearing, which may be conducted by telephone if mutually agreed, for the purpose of resolving the grievance prior to issuance of the Step 2 Decision. If requested, the meeting shall be scheduled within twenty (20) calendar days of being requested and will never exceed release of more than two (2) employees on behalf of the Union.

The Hospital will make best efforts to have someone other than the Human Resources representative who attended the Loudermill meeting as the hearing officer.

At the Step 2 Hearing, the Union will make a presentation to the Director of Labor relations or designee explaining the basis for the grievance and any supporting arguments. If the grievance is based on discipline, the Union will explain why the discipline was unwarranted and/or why the penalty is too severe (although this does not change the fact that the Hospital has the burden of proof in disciplinary matters). The Director of

Labor Relations or designee shall have the right to ask questions of any of the individuals that appear at the hearing.

Within twenty-one (21) calendar days of the conclusion of the hearing, the Director of Labor Relations or designee shall issue the Step 2 decision, in writing, to the Union, which shall provide for a decision in the matter and the reason(s) for the decision.

If a Step 2 hearing cannot be scheduled within twenty (20) days, the parties may, by mutual written agreement agree to a later date. If a hearing cannot be held within thirty (30) days, the Director of Labor Relations shall make his decision based on any document provided. With respect to any disciplinary grievance involving a written warning or suspension without pay of two (2) shifts or less, the Step 2 Decision shall be final and binding upon the parties and not subject to challenge or appeal in any forum.

A grievance that affects a substantial number of employees may initially be presented at Step 2 of the Grievance Procedure.

Step 3. Arbitration:

Written warnings and suspension of two (2) days or less shall not be subject to arbitration. Discipline imposed for time and attendance violations shall not be arbitrable.

In the case of non-disciplinary grievances and disciplinary grievances involving suspension more than twenty-four (24) hours, written warning in lieu of a suspension of more than twenty-four (24) hours, involuntary demotion (not the result of a reduction in force) or discharge, if the Union is not satisfied with the Step 2 Decision, the Union may file a written request for binding arbitration through the Public Employment Relations Commission (with copy provided simultaneously to the Director of Labor Relations). Requests for arbitration must be submitted to the Public Employment Relations Commission within thirty (30) calendar days of its receipt of the Step 2 Decision. Nothing in this Agreement shall be construed as compelling the Union to submit a grievance to arbitration. The Union's decision concerning whether or not to request binding arbitration shall be final as to the interests of both the Union and the grievant.

The Arbitrator selection process and the conduct of the arbitration hearing shall be governed by the rules, regulations and procedures of the New Jersey Public Employment Relations Commission ("PERC").

Each party to this Agreement shall bear the expenses of preparing and presenting its own case. The fees and the expenses of the Arbitrator, together with any incidental expenses mutually agreed upon in advance, shall be borne equally by the parties. A transcript of all arbitration hearings may be taken. The Arbitrator shall have the right to subpoena relevant documents and witnesses if requested by either party.

The arbitrator shall be restricted to the application of the facts presented and shall have no authority to add to, detract from, alter, amend or modify any provision of this agreement, or to impose on either party a limitation or obligation not explicitly provided for in this agreement.

Upon receipt of the arbitrator's award, corrective action, if any, will be implemented as soon as practical, but in any event no later than thirty (30) calendar days after receipt of the arbitrator's award, unless a party wishes to challenge the award. In the event such legal remedy is pursued, corrective action will be implemented no later than fifteen (15) calendar days after final resolutions by the courts.

- (C) **Abandonment of Grievance:** If the initial grievance was not timely filed at Step 1 or Step 2 as set forth above, or if it was not timely submitted to arbitration then the grievance shall be deemed to have been abandoned by the Union and the Union shall be precluded from submitting the matter to arbitration. No arbitrator shall have any authority whatsoever to rule upon the merits of a grievance that has been abandoned in accordance with the procedures.
- (D) **Bifurcation:** Absent a written agreement between the parties to the contrary, if a dispute arises over whether a grievance or disciplinary appeal has been waived or abandoned in accordance with this Article, this procedural issue will be bifurcated from the issue on the merits and shall be heard and decided by a different arbitrator than the one that decides the case on the merits. The case on the merits shall be held in abeyance pending the outcome of the procedural issue.
- (E) **Extending Time Limits:** Time limits throughout this Grievance Procedure may be extended by mutual consent of both parties, but only where the mutual consent is in writing and signed by both parties (an exchange of e-mail message by both parties indicating agreement to extend the time limit will satisfy this requirement).
- (F) **Hospital Failure to Timely respond:** A failure by the Hospital to respond at any step within the provided time limits shall be deemed a denial of the grievance at that particular Step and shall permit the Union to move the grievance to the next step in the procedure.
- (G) **Attendance at Meetings/Hearings:** The Hospital shall permit the Grievant to take time off without loss of pay from the Grievant's scheduled shift, if applicable, for any time spent at the Step 2 meeting or at an arbitration hearing pursuant to Step 3 above. To the extent that the Hospital requires an employee to attend the Step 2 meeting or arbitration hearing as a witness, the Hospital shall pay the employee at the employee's regular wage rate for the time spent at the meeting or hearing.

15. NON-DISCRIMINATION

Neither the Hospital nor the Union will discriminate against any employee or applicant for

employment, in any matter relating to employment because of race, religion, creed, color, national origin, ancestry, age, marital status, civil union status, domestic partnership status, affectional or sexual orientation, genetic information, pregnancy, sex, gender identity or expression, disability or atypical hereditary cellular or blood trait of any individual, or because of the liability for service in the Armed Forces of the United States of America or the nationality of any individual, or because of the refusal to submit to a genetic test or make available the results of a genetic test to an employer or for any other reason prohibited by applicable State and/or Federal law.

Neither the Hospital nor the Union will discriminate against any negotiations unit employee because the employee is or is not a member of the Union, or because the negotiations unit employee has filed any complaints or grievances with the Hospital or the Union.

16. MANAGEMENT RIGHTS PROVISION

The Hospital, except as limited or modified by the express terms of this Agreement, reserves and retains solely and exclusively all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the Laws and Constitutions of the State of New Jersey and of the United States, to manage the operations of the Hospital. These rights, to the extent consistent with applicable law, shall include, but shall not be limited to, the right:

17. STAFF NURSES WAGES

It is agreed that during the term of this Agreement for the period beginning on the effective date of this Agreement by the parties until the termination of this Agreement, the salary and fringe benefit improvements set forth herein shall be provided to eligible employees in the unit within the applicable policies and practices of the Hospital and in keeping with the conditions set forth herein and subject to the State Legislature enacting appropriations for these specific purposes.

22. CRIMINAL BACKGROUND CHECKS

Section 1.

The parties recognize that the ability of the Hospital to perform criminal background checks on employees is necessary to maintain the integrity of the Hospital and therefore the safety and the security of all its employees and patients and the community. Therefore, the Hospital may, upon reasonable suspicion, perform criminal background checks on employees. The reasonable suspicion determination must be made by the Chief Human Resources Officer or designee within Human Resources. The scope of criminal background check shall be limited to criminal convictions. Should an employee refuse to allow the Hospital to perform a criminal background check, that employee may be disciplined up to and including termination. The Hospital will conduct all criminal background checks consistent with the requirements of applicable law. If requested by the Union within seven (7) days of the Hospital's decision to conduct a criminal background check, the Hospital shall, within 7 days of receipt of such written request, provide a written explanation to the employee and the Union describing the basis for the reasonable suspicion finding by management.

Section 2.

In the event that a criminal background check reveals any criminal conviction which had not been previously revealed to the Hospital, the Hospital will meet with the employee to discuss an appropriate action. If the employee requests the presence of a Union representative at this meeting, the Hospital must hold this meeting with the employee and a Union representative, so long as the union representative is available and does not cause the meeting to be unreasonably delayed.

Section 3.

Criminal background checks will be kept confidential to extent practicable. An employee who received a negative report will be notified as required by law.

23. DRUG AND ALCOHOL TESTING

Section 1.

The Hospital and the Union agree to maintain a safe, healthy and productive work environment for all employees, to provide thorough and effective patient care, to maintain the integrity and security of the workplace, and to perform all of these functions in a fashion consistent with our responsibilities to the communities we serve. An employee who works or attends work under the influence of drugs or alcohol, or who refuses to take an alcohol/drug test when directed to do so pursuant to this Article, shall therefore be subject to disciplinary action up to and including termination. The Hospital shall develop a program to educate employees on the use and abuse of alcohol and drugs.

Section 2.

Pursuant to these goals, employees will be required to undergo an alcohol/drug screening test in each of the following instances:

- A. When the Hospital has reasonable suspicion, based upon the behavior or demeanor of an employee, to believe that the employee's ability to perform their job duties is impaired;
- B. After an on duty accident if there is reasonable suspicion by management that impairment may have contributed to the accident and there was injury to anyone requiring medical treatment or lost time from work or property damage of over five hundred dollars (\$500.00); and
- C. When any applicable federal or state law requires.

Reasonable suspicion assessments referenced in this Section shall only be made by

supervisory or managerial employees that have been trained to identify the behavior associated with impairment based on drug or alcohol use. If requested by the Union within seven (7) days of the drug or alcohol testing, the Hospital shall, within seven (7) days of receipt of such written request, provide a written explanation to the employee and Union describing the basis for the reasonable suspicion finding by management.

Section 3.

It is understood and agreed that the Hospital's failure to require an alcohol or drug screen in any individual circumstance shall not constitute a waiver of the Hospital's right to require such a screen in other circumstances. An employee required to submit to a drug/alcohol screening test under this policy shall report to the test site promptly upon being requested to do so and shall execute all necessary consent forms required.

Section 4.

Employee will be transported for testing, if necessary, by car service or other reasonable means of transportation, as determined by management. If requested by the employee, a union representative can accompany the employee to the testing site, so long as the union representative is available and does not cause an unreasonable delay in getting the employee to the testing site. Employees will be paid for the duration of the test at their regular hourly rate of pay.

Section 5.

All drug and alcohol testing shall be conducted only by a certified laboratory. The Hospital will request split specimen testing for all drug and alcohol tests pursuant to this Article. The laboratory's inability to perform a split specimen test based on an insufficient sample shall have no effect on the Hospital's ability to take disciplinary action. Screening shall test for presence of alcohol, amphetamines, THC, cocaine, opiates, phencyclidine, barbiturates, benzodiazepines, methaqualone, methadone, propoxyphene, hallucinogens, inhalants, anabolic steroids, hydrocodone and MDMA. No other substances will be tested for and no other tests shall be run on the employees' samples. Any actionable positive result must be reviewed and verified by an individual that has been trained to interpret and evaluate drug and alcohol test results and an individual's medical history and other relevant biomedical information.

Section 6.

The Hospital shall provide an opportunity for assistance to employees having a drug/alcohol problem that the employee voluntarily discloses. Any employee that voluntarily discloses a drug/alcohol dependency problem to the Hospital, prior to notification that a screening test is to be administered, shall be provided an unpaid leave of absence for drug/alcohol rehabilitation. The employee may use any paid leave that the employee has available. If the employee does not use paid leave, the leave of absence shall be without pay. Upon proof of

successful completion of a rehabilitation program, the Hospital will reinstate the employee to an equivalent position in the same job title and at the same base pay as the position held by the employee prior to the leave of absence. Upon being reinstated, the employee shall be subject to random drug/alcohol screening for a period of two (2) years from the date of reinstatement. The decision to conduct a random drug/alcohol screening shall only be made by the Chief Human Resources Officer or designee.
